ROOSEVELT WILL NOT FORCE JEWISH PETITION ON THE CZAR

PLEA MADE FOR THE JEWS.

Text of the Petition Refused By Czar of Russia.

Pres. Cannot Act Futher Without Offending Power.

WASHINGTON, July 17.—It is stated by the Secretary of State that the incident created by the question of presentation of the Jewish petition to Russia is closed.

The State Department today made public the correspondence that has taken place respecting the petition.

Its substance has already been forecasted in the press dispatches.

The correspondence consists of an instruction to Mr. Riddle, United States charge at St. Petersburg, reciting in detail the petition and directing him to present the same to the Foreign Office if it were willing to receive it.

It is stated by Mr. Riddle that the Foreign Office would not receive it under any circumstances and Secretary Hay so informed the committee in a brief telegram.

ROOSEVELT NOT SURPRISED.

OYSTER BAY, L. I., July 17.—President Roosevelt was not surprised that the Russian Government should decline to receive the B'nai B'rith petition or any other representation regarding the Kishineff massacres.

The action of Russia has been forecasted unofficially.

The information of Russia's declination was received here last night in a long telegram from Secretary Hay. Towards midnight the President sent to Secretary Hay an extended reply. The contents of neither message are disclosed, although it is known that the President requested Secretary Hay to make known the actions of the Government respecting the incident. President Roosevelt has no statement to make at this time regarding the matter. Whatever information the administration may care to make public concerning it, will be given out by the State Department in Washington.

It is unlikely that further efforts will be made to induce the Russian Government to receive the petition. It is certain that after so frank and unequivocal a refusal to receive the petition, Russia would regard the bringing of pressure to bear upon her to induce her acceptance of the representation, as an act of unfriendliness.

As to the actual presentation of the petition involved no question of principle and substantially the result hoped for by the promotion of the movement concerning the Kishineff outrages had been achieved by calling Russia's attention to the petition, the probabilities are that the incident will be considered as closed.

MOTHER JONES.

Plans have been perfected quietly to prevent "Mother" Jones and her so-called "army" of textile workers from visiting Oyster Bay. The matter is in the hands of the Secret Service and the New York Police Department.

SMALL BOY HANGS HIMSELF.

GEORGE E. PATTON AND HIS SON, JAMES. THE LATTER COMMITTED SUICIDE LAST NIGHT BY HANGING.

James Patton Was Despondent Because His Father and Mother Had Separated.

Grieving over the fact that his father and mother had separated, fourteen-year-old James A. Patton committed suicide about six o'clock last night by hanging himself from a rafter in the loft of a barn in the rear of the residence of Mrs. N. Leuque, 912 Thirty-fifth street, where he and his father, George E. Patton, had been living for about two weeks.

The despondent youth twisted a portion of a bale rope, which he had been using as a swing, about his neck, then sat on the swing, his weight drawing the rope tight.

The body was found this morning by Mrs. Leucue, who was one of a searching party looking for the boy when he failed to return home last night.

It would have been impossible for the youth to have met his death accidentally, for the swing is so close to the barn floor that he could have stood up and relieved his neck of the rope's pressure had he so desired. But, instead, he wrapped his legs about the rope so that in his death struggles, there would be no chance of his limbs touching the floor.

Several months ago, while Mr. Patton, who is a member of the firm of Patton & Merrill, grocers, Thirty-first and San Pablo avenue, was East, buying a stock, the Rev. E. F. Brown, pastor of the Thirty-fourth street Methodist Church, made numerous visits, so it is said, upon Mrs. Brown.

Upon Mr. Patton's return, he made accusations against the minister and then husband and wife separated, the latter becoming a teacher in a San Francisco physical school.

Mr. Patton, pending the divorce proceedings which he has declared he will institute, took the boy to live with. The couple have another son, Frank Patton, aged ten years, who is at present in the East.

James Patton was allowed by his father to visit his mother in San Francisco, and Tuesday the boy crossed the bay and spent the day with her. When he returned at night, he was in a despondent mood and at times would weep and beg his father to once more live with his mother.

At times the father would allow the boy to assist him in his duties about the grocery store, and yesterday the boy worked for a while in the morning.

In the afternoon, however, he staid home playing with the children of the neighborhood. The children had some pet squirrels in the barn in the rear of the Leuque residence and spent the entire afternoon in the barn.

About half-past 5 o'clock young Patton went into the Leuque residence and spoke to Mrs. Leuque. He appeared to be nervous and almost immediately went into the barn again.

The other children saw him climb the ladder into the loft and supposed that he was going there to swing as they had been doing that afternoon.

They continued their play and gave no more thought to Young Patton. When six o'clock came the boy failed to come in to supper and Mrs. Leuque went to the door and called him, but received on response. Thinking that he would be in presently, she continued the evening meal.

When this morning about 4 o'clock, the time Mr. Patton is accustomed to arise to go to work came, and the boy had not returned, the father went down and notified the police, thinking that the child had been perhaps kidnapped by his mother.

The neighbors organized themselves into searching parties and it was not until Mrs. Leugue's daughter told of having seen the boy enter the loft that the search was made of the barn. In a little room in the loft the body was found hanging in the swing, concealed from sight by a piece of Japanese matting which the boy had tacked over the doorway.

Coroner Mehrmann was notified and before the body was cut down he made an examination that satisfied himself beyond a doubt that the youth had deliberately planned to take his life.

Young Patton was in the last grade of the Durant School and was a particularly bright pupil. It was his intention upon graduating to enter the High School and had often expressed a desire for a college education. He was born in the East. The body has been taken to the Morgue, but the date of

FIRST AUTO TO REACH YOSEMITE.

Major Fulmer Makes a Hazardous Trip Over Mountains.

Made the Run From Los Angeles Without Any Mishap.

YOSEMITE VALLEY, July 17.—Major J. Fulmer, formerly of Chicago, but now a resident of Los Angeles, has successfully engineered the first automobile into the Yosemite Valley. Others have tried the difficult mountain grades and sharp, torturous passes, only to have their efforts doomed to disheartening failure.

On June 29th, Major Fulmer, accompanied by his wife, Miss A. L. Wade, sister of the Los Angeles County Recorder, and A. C. Stewart of the Union Oil Company, started for the Yosemite, after making a careful study of the roads and conditions.

En route from Los Angeles, they came through over the Wawona route, without having experienced a single mishap or having to make repairs of any kind on the way.

Speaking of the trip today Major Fulmer said: "The trip was a success from start to finish. I used a machine equipped with a 5½ horsepower gasoline engine and with adjustable gearings for mountain climbing. The worst part of the trip was over the desert from Antelope to Tejon and along the hot sands of the Bakersfield plains. Some places on the desert the sun was so hot that the insulation around the spark coils began to melt and we had to run water over to cool it. About our steepest grade was encountered near Newhall, and that was the only place where we were forced to get out and walk. We rode through the difficult Tehachapi mountains without mishap. From Los Angeles to Raymond we only used five dollars' worth of gasoline. From Fresno to the valley we were exceedingly lucky. We had the honor of being the first to ride through the big sequoias near Wawona and climbed the big grades at Chinquapin, 700 feet above the sea level without any great difficulty."

The party will spend some time sightseeing in the valley before returning to Los Angeles by way of Stockton, San Francisco and the Coast roads.

KHEDIVE RECEIVED IN ENGLAND.

H. H. ABBAS HILMI, KHEDIVE OF EGYPT.

The Khedive of Egypt, who visited England a few days ago and who was entertained in royal fashion, was born July 14, 1874. His last visit to England was in 1900, when he was received by Queen Victoria at Windsor, and remained Her Majesty's guest for a day or two. The Queen conferred the Grand Cross of the Royal Victorian Order upon him. Lord Salisbury entertained him at dinner and he also dined with the Prince of Wales and attended State concerts. This time his visit was a private one, and he was the guest of Sir Ernest Cassel, who placed his town house at the Khedive's disposal. Hilmi is well thought of in England.

PONTIFF MAY LIVE A WEEK.

Pope Complains About Having to Remain in Bed.

He is Very Weak But His Mind Continues to Be Clear.

ROME, JULY 17—8 P. M.—THE FOLLOWING BULLETIN HAS JUST BEEN ISSUED:

"THE DAY HAS PASSED CALMLY ENOUGH. THE AUGUST PATIENT HAD INTERVALS OF REST AND HIS CONDITION IS A LITTLE LESS DEPRESSED. PULSATION, 86; RESPIRATION, WHICH IS LESS SUPERFICIAL, 37; TEMPERATURE, 37 CENTIGRADE.

"LAPPONI.
"MAZONI."

ROME, July 17.—2:30 p. m.—The Pope's condition this afternoon shows some improvement. The liquid in the pleura has not continued to rise and the doctors have decided further to postpone the operation.

"During the night as well as throughout the morning, the Pope continued calmer and his breathing was better. While he does not want any one constantly in the room, the Pontiff rings frequently for trivial causes thus showing beyond doubt his desire for companionship. He has taken very frequently sips of meat broth, alternated with half spoonfuls of chicken gelatin. His urine continues scarce, amounting in the last twenty-four hours to 36 cubic centimetres. When asleep the Pontiff appears to be dead. His cheeks are sunken, his eyes are hollow and his jaws are exceptionally prominent, the skin being tightly drawn over his face. The Pope appears to retain life only in his brilliant black eyes, though he recovered the lucidity of his mind this morning and gave further proof of his wonderful memory, saying:

"Today is the fete of St. Leo. I have never failed to assist at mass since, when, almost a boy, I came to Rome to participate in the jubilee of Leo XII. I wish to hear mass to-day."

The Pontiff's wish was gratified by Monsignor Mazzoli, in a room adjoining the sick chamber. After the visit of the doctors, the Pope said he could not stay in bed as it made him restless. His limbs were uncomfortable and he felt pains all over his body. Therefore he wished to go back to his arm chair. No opposition was made, as the doctors think that nothing now can do the Pope much harm, but to the Pontiff's astonishment, he found he could not dress himself as he did some days ago or walk to his chair, so his ever-watchful valet clothed the Pope and almost carried him to the arm-chair, the Pontiff frequently thanking

NEWSBOYS' STRIKE STILL CONTINUES

SAN FRANCISCO, July 17.—The strike of the newsboys' union against the afternoon papers continues with unabated vigor. The boys are well organized and are determined to win, but they are good-natured about it and are not disorderly. Their efforts are mainly directed to asking people not to buy the offending journals and persuading non-union boys not to sell them.

The union has a membership of 800, but only 300 devote their entire time to selling newspapers. As the include all the active newsboys in the city, the Newsboys' Union is an important factor in the street sales of the papers. The public is watching the contest with considerable interest, first, because it is a boys' fight and second because the little chaps are showing such a plucky front.

RECEIVES POST OF HONOR

G. W. BEATTIE APPOINTED PRINCIPAL OF NORMAL SCHOOL.

BERKELEY, July 17.—News has come from Manila that G. W. Beattie has been appointed principal of the Insular Normal School. Mr. Beattie is a graduate of the University of California, having taken his B. S. degree in 1899, and a master's degree in 1901. Before entering the university, Mr. Beattie had experience as a teacher and had served as County Superintendent of Schools in San Francisco County. He ranked as one of the most progressive and able superintendents in the State. While attending the university, Mr. Beattie made a study of the school law of California, and when the State Teachers' Association, at its annual session in 1899, appointed a committee to vote to call for a State Educational Commission to draft amendments to the school law, Mr. Beattie was very properly chosen for the important office of secretary of the commission. The constitutional amendment which provides State aid for the high schools of the State was one important result of the work of this commission.

In the summer of 1900, Mr. Beattie was called to the Philippines and put in charge of the Division of Negros. Division superintendents in the Philippines are something more than education officers. It has been said that the teachers completed the pacification of the Philippines, and there is no question that the wisdom and tact with which the division superintendents met the problems which confronted them served more effectively to smooth the path of the Philippine Commission than any stringent army regulations. Mr. Beattie's province was one of the foremost in every educational movement. After the elementary schools were well established, it was found expedient to start secondary schools, and the first experiment was tried in Bacolod, where the Rizal Institute, presided over by another University of California man, Ray Howell, '00, is doing good work, calling in as students, the young people of the higher classes. The normal school at Manila prepares native teachers for work in the schools. Dr. E. B. Bryan, who has succeeded Dr. F. W. Atkinson as general superintendent of education for the Philippine Islands, was brought to Manila to take charge of this school two years ago. Mr. Beattie believes in the future of the Filipino teacher. He thinks the province of the American teachers is merely to prepare the native teachers to take charge of the schools. There is a plan too to make the Insular Normal School the nucleus of a university for the Filipinos. Mr. Beattie's varied experience and well-known executive ability make him an invaluable man for the work of carrying out such a plan.

"GAS INSPECTOR" UP AGAINST IT HARD.

The "gas inspector" burglar was arraigned before Judge Ogden this morning and after starting to plead guilty to everything charged against him had a change of heart and withdrew his plea and requested an attorney. Two charges of burglary and two priors meant half a life-time and caught in a corner he dodged back on his trail and will try and make a fight for a reduction of the charges.

His record of crime, according to the police, is long enough to make an old-time criminal proud. He asked the District Attorney not to plead the priors against him and was dismayed when four charges instead of two were read out against him. The judge allowed his plea of guilty to be withdrawn and the matter to go over for one week and appointed Attorney John McVey to give him such assistance as is in his power.

AMERICAN SQUADRON LEAVES.

PORTSMOUTH, England, July 17.—The American squadron under command of Rear-Admiral Cotton, which has been visiting British waters, left here this morning, the Kearsarge en route to Frenchman's Bay, Maine, and the other vessels bound for Lisbon.

STRIKE IS MORE SERIOUS.

STRIKERS HAVE STATIONED PICKETS—OWNERS WILL CALL ON POLICE.

PITTSBURG, Pa., July 17.—A strike at the Port Vue tin plate works which began yesterday, is more serious than anticipated. Only two of the ten mills started today. The strikers have stationed pickets on the bridge to McKeesport and are attempting to keep out all the men. The trouble was caused by efforts to unionize the plant. So far there has been no serious outbreak, but, fearing violence, Burgess Williams, who has been appealed to by the owners, will, unless the strike is settled today, ask the Sheriff to send a force of deputies to the scene.

Superintendent J. E. Lock of the mill said:

"We are willing to agree to the demands of the men except that we will not reinstate the two employes who were discharged Sunday night. All of the furnaces will be lighted and the men invited to come back. If they do not, I have two crews from Cambride, one from Pittsburg, one from Martins' Ferry and two from Cleveland on their way here and we will operate this plant as a non-union mill."

S. P. MAY RESUME LEASING OF BARS.

There was a rumor on the streets today that the Southern Pacific Railroad Company was contemplating abandoning the present system of bars on the ferry boats between this city and San Francisco and returning to the system which, until about a year ago had prevailed for years—that of leasing bar privileges to private individuals.

The present system went into effect and became an adjunct to the dining car service when the Southern Pacific Company took into its own hands the feeding of its patrons in boats, stations and moving cars.

One reason advanced for the alleged change is that the liquor business, as now conducted on the boats, is not as remunerative to the company as it was when the leasing of the liquor privilege brought to the company about $4000 per boat per year.

This means a falling off in patronage of the bars which is ascribed to the increase in rates now charged for beverages at the bars run by the company which caused most of the drinking to be done on the shore before passengers go aboard the boat.

The official in charge of this feature of the railroad's management could not be communicated with today to express an opinion on the subject.

MATTERS BEFORE PROBATE COURT.

G. A. Sterling, R. M. Royce and John A. McGee have been appointed appraisers of the estate of Dina Schmitz, deceased.

Public Administrator George Gray has filed a petition to be appointed administrator of the estate of Hannah Tyler, deceased. She left real estate in the Rowland tract valued at about $1000. She has a son living in Truckee.

William F. Taylor was appointed administrator of the estate of James Reed, deceased, by Judge Ogden this morning.

George Gray has petitioned the court to be appointed administrator of the estate of Martha W. Johnson, to take the place of P. C. Nelisen, who died leaving the estate without an administrator.

An order confirming sale of real estate was made this morning by Judge Ogden in the matter of the estate of John Booken, deceased. The petition of William Roberts, the administrator, shows that the property was offered at a duly authorized sale and was sold to H. P. Nelisen for the sum of $6500. The property is located at Pierce and Castro streets in the town of Haywards.

FACTS OF DOUBLE TRAGEDY ARE REVEALED

MAN AND WOMAN CAME FROM FRESNO—WERE SECRETLY MARRIED.

SALINAS, Cal., July 17.—The facts in connection with the double tragedy of yesterday are coming to the surface, despite the efforts of County Coroner H. V. Muller to suppress all information.

The murderer, who was not over 22 years of age, was Charles B. Craven.

He was the son of a prominent rancher living eight miles from Sanger, Fresno county.

His victim, to whom he claimed he had been secretly married, was Miss Black of Fresno, where her sister, who is the wife of Supervisor W. D. Mitchell of that county, now resides, as did her mother.

Upon their arrival in Salinas on July 7 they registered at the Salinas Hotel as Charles B. Craven and wife, Oakland, Calif.

In a letter found in the murderer-suicide's pocket he said that he was secretly married to Miss Black and that the certificate was in his trunk at the hotel.

After the inquest today the bodies will be sent to Sanger for burial, upon the request of Supervisor Mitchell.

NUMBER OF PEOPLE INTERESTED IN MINE.

BAKERSFIELD, July 17.—A number of Bakersfield people have interested themselves in the Carbonite Queen mine on Indian creek, in the Amalic District about a mile west of the Tekia. A party has now gone out to examine the property.

TOUCHES TENDER CHORD

PRISONER WINS WOMAN'S SYMPATHY FROM WHOM HE STOLE A PURSE.

Woman's weakness may save W. E. Barnes, now in the county jail on a charge of grand larceny from the penitentiary. The complaining witness has relented and would withdraw the charge she has placed against him, and Barnes is happy. He boarded with Mrs. A. B. Hughes, at 1110 Jefferson street. One day under stress of thirst it is alleged he opened the trunk of his landlady and stole her purse containing $25, a pair of opera glasses and some other articles of minor value and went to San Francisco. She complained to the police and swore to a warrant charging him with grand larceny and Barnes was arrested.

But Mrs. Hughes was not happy. The jail officials state that she visits him each day and that there are touching scenes and tender words and the District Attorney says that she has asked him if the complaint cannot be dismissed. She excuses him on the grounds that it was only that he was impelled by a prolonged season of dry weather to take her things and sell them for drink. So, when Barnes was taken into court this morning to be arraigned he asked for a week's extension of time and lives in hopes.

TWENTY FIVE STRINGS OF TOOLS RUNNING.

BAKERSFIELD, July 17.—At McKittrick business is very extensive and about twenty-five strings of tools are reported to be running. These are located both in McKittrick district proper and towards the northern extremity as far as the Tembler district. There are not much operations going on in the other west side fields at present and it is believed that the operators are waiting for the new pipe line to be completed.

APPORTIONS SCHOOL MONEYS.

The County Superintendent of Schools today apportioned state money to the various school districts of the county, to the amount of $110,465.10. Of this amount the Oakland schools received $48,451.50. Warrants are being drawn in favor of the teachers' salaries for the months of March, April, May and a part of June.

ANOTHER DRENCHING RAIN.

TOPEKA, Kas., July 17.—Another drenching rain of several hours' duration fell over this portion of the State this morning. Some uneasiness exists among former flood sufferers in North Topeka, as the Kaw river shows a rise of several inches during the night.

OAKLAND DAY ON AUGUST 21.

CHANGE MADE IN THE TIME FOR ENTERTAINMENT OF OLD SOLDIERS.

There has been a change made in the day on which Oakland is to receive the old soldiers who attend the National Encampment of the G. A. R. Circumstances have caused the selection of Friday, August 21, instead of Thursday, August 20, as was first intended for the purpose.

Mayor Olney reluctantly consented to the change and was compelled to do so by reason of the engrossment of officers of the encampment whom it was desirable to have visit this city on Thursday, August 20, but who on that day will be detained in San Francisco by the duties of their positions.

This change, however, will not interfere with the open house which Appomattox Post and W. R. C. will maintain on Thursday, August 20, for the reception and entertainment of boys in blue who may pay a visit to this city.

CHOATE ADVISED BY HAY

AMBASSADOR INFORMED REGARDING ASSURANCES GIVEN CHINA BY RUSSIA.

LONDON, July 17.—Ambassador Choate has been advised by Secretary Hay on the character of the assurances given to China by Russia respecting the opening of ports in Manchuria.

It is believed that the Ambassador communicated the information to the foreign conference which he held this afternoon with Foreign Secretary Lansdowne and that Mr. Choate cabled the result to Washington, but the Ambassador declined to make public any information respecting the representations made or the views of Lord Lansdowne.

The Foreign Office also declined to comment on the matter.

DERRICK GOES UP IN FLAMES.

FABIOLA NURSES HAPPY.

After a Lively Strike All is Now Peaceful at the Hospital.

The troubles of the forty nurses at the Fabiola Hospital are at an end and they are now attending strictly to business. However, some of them say that the full facts regarding the recent strike have not been presented to the public.

It appears that Nurse Houghton had charge of the operating room, and she was looked upon by the other nurses as an autocrat. Many complaints concerning her treatment were made, and it was asserted that she was given more privileges than anybody else in her line of work.

It came to pass that Miss Winter, a Berkeley lady of social prominence and of means, who, by the way, does not intend following nursing as a profession, happened to cross Miss Houghton's path. After an operation, Miss Houghton criticised Miss Winter, some words passed between them, and Miss Houghton bluntly remarked, "You can consider yourself discharged." Miss Winter immediately went to Mrs. John Yule, the president of Fabiola, to tell her story. She found, however, that Miss Houghton had been there before her and stated her side of the case. It is reported that Mrs. Yule said to Miss Winter, "You have told an untruth and you are expelled. There is the door, go." Miss Winter immediately returned to the hospital and told the nurses that she had been expelled, stating the reasons.

At 7 o'clock the same evening the nurses held a mass meeting on the Fabiola grounds and commissioned Miss McElrath to send for Mrs. John Yule and request her to call a meeting of the board of directors for 8 o'clock that evening. Mrs. Yule is said to have replied that she would hold no communication whatever with them and hung up the telephone. Miss McElrath said they were not going on duty the next day unless the meeting was held.

The next morning the girls went to breakfast the same as usual, and when Miss Caig, superintendent of the nurses, came to assign them to duty, they all replied that they were not on duty that day and refused absolutely to do any work. Miss Caig informed Mrs. Yule and the latter replied that they were all discharged and that their places would be filled by others. At that time there were no serious cases in the hospital except one, and in that instance a nurse remained on duty. Shortly four girls arrived from the Chabot Home Training School in order to serve breakfast to the patients. Mrs. Yule soon after appeared on the scene and was met by Miss Taylor, a nurse, in the hall. Miss Taylor said, "Pardon me, Mrs. Yule, but the nurses are all in the assembly room. Will you meet them?" Mrs. Yule replied, "Miss Taylor, I will not meet them. You can consider yourself expelled. Leave this hospital at once." By this time, several directors had arrived at the hospital. After a consultation, the directors decided to hear the points at issue. Miss Taylor, Miss McElrath and Miss English, as a committee for the nurses, waited on the directors and made their charges against Miss Houghton. After the nurses had stated their case and proved that they were right, the directors took the matter under consideration and exonerated and reinstated Miss Winter and Miss Taylor. Miss Houghton, realizing the situation, immediately left the hospital with her effects.

Everything is running smoothly at the hospital now. When the nurses went on a strike, they had no intention to injure the hospital. They simply wanted their complaints listened to and justice done them.

SMALL BOY HANGS HIMSELF.

(Continued From Page 1.)

the inquest has not been fixed.

"I can make nothing out of it but a case of suicide most ingeniously planned," said Coroner Mehrmann this morning. "It is not a case of foul play. The boy was simply despondent over the troubles, I suppose, of his father and mother."

"I hardly think that James would take his life that way, for he was a particularly happy boy and his father gave him almost everything his heart could desire," declared Mrs. Leugue.

"I gave my boy almost everything that he wanted, and I can scarcely realize what would have prompted him to take his life if he really did so," said Mr. Patton. "He appeared happy and cheerful and acted most contented."

TAYLOR PLEADS GUILTY.

Fred Johns, the attorney, pleaded not guilty in the Police Court this morning to a charge of disturbing the peace. His trial was set for next Tuesday. James Taylor, who was with Johns when arrested and who, himself was arrested for carrying a concealed weapon, pleaded guilty and judgment was suspended.

GOLD FROM KLONDIKE.

SEATTLE, July 17. — The Blackball liner Dolphin reached port this morning from Skagway with eighty passengers and $250,000 in Klondike gold. A number of the passengers were from the interior. The vessel left Skagway on July 13.

HARSH MEASURES ADOPTED.

RUSSIA IS DETERMINED TO SUPPRESS THE ZIONIST MOVEMENT.

NEW YORK, July 17.—According to the Russian correspondent of a Jewish paper published here, Russia, in its efforts to suppress the Zionist movement, will hereafter enjoin the promoters from holding meetings to advocate their cause and collecting money. All existing organizations will have to disband and cease their activities.

The reason for this attitude on the part of the Government is explained by the correspondent in a statement attributed to a member of the Russian ministry to the effect that it has been found "instead of centering all their efforts upon the colonization of Jews in Palestine, the Zionists have created a world power for the purpose of strengthening their position in the lands where they live."

PONTIFF MAY LIVE A WEEK.

(Continued From Page 1.)

his servants and remarking that they must be very tired.

The Pope understands the gravity of his condition and says he is ready to die, but he does not realize the imminence of his danger, as was again demonstrated when his confessor, Monsignor Pifferi, asked to see him. The Pontiff on being informed of the Monsignor's request, replied somewhat petulantly:

"Not now. Tell him I shall not die without calling for him."

The doctors think, that unless a complication arises, the Pope may live for days or even weeks longer.

STILL STATIONARY.

ROME, July 17 (6 p. m.)—The condition of the Pope continues stationary. Complete tranquility prevails in the neighborhood of the Vatican.

RECEIVES CONFESSOR.

ROME, July 17 (4:10 p. m.)—The Pope received Monsignor Pifferi, his confessor, and then took a short sleep. No change in the Pontiff's condition is apparent.

NO CHANGE.

ROME, July 17 (2:10 p. m.)—At this hour no change has been reported in the condition of the Pope. Calm and quiet ruled throughout the Vatican.

IN ARMCHAIR.

ROME, July 17 (12:20 p. m.)—The Pope complained of suffering from soreness owing to lying down so long, and succeeded in sitting up. He then rose momentarily from the bed and seated himself in his armchair.

SOMEWHAT BETTER.

ROME, July 17 (10:30 a. m.)—The doctors attending Pope Leo, although not entertaining the least hope of their patient's recovery, consider his general condition today somewhat better, whereas they expected him to be much worse. The Pontiff's pulse is exactly as it was yesterday and his temperature is about the same, while his respiration shows a little improvement, having returned to what it was on Wednesday. His appearance, however, is that of one who could not last another hour.

Dr. Lapponi, wishing to leave the Vatican on urgent personal business, asked permission of the Pontiff, who not only said "yes" readily, but added: "I am so glad to have you go. I feel great remorse, as you are all perfect martyrs on my behalf."

Dr. Lapponi remained away from the sick room a half hour.

HE RESTED WELL.

ROME, July 17 (10:20 a. m.)—After the doctors visited the Pope his Holiness appeared calmer and rested better. He also took some light nourishment.

HAS GOOD SLEEP

ROME, July 17 (9:30 a. m.)—The following bulletin has just been issued by Pope Leo's physicians:

"His Holiness had during the night some hours of sleep, together with short periods of slight excitement. The level of the pleuric liquid is maintained within the limits already noted without seriously troubling the Pontiff. The physical condition of the august patient presents no noteworthy change. His pulsation is 88, respiration, 30, and temperature 36.5 centigrade.

"LAPPONI,
"MAZZONI."

POPE FEELS TIRED.

ROME, July 17 (9.05 a. m.)—Dr. Mazzoni entered the Pontiff's bedroom at 8:30 o'clock this morning after Dr. Lapponi had reported to him how his Holiness has passed the night. He found the patient, as Pope Leo himself said, "unrefreshed and tired."

His Holiness complained that, while the doctors had promised that his illness would not last long, it is now two weeks since he went to bed.

The Pontiff prefers to sit up in bed, as in that position he feels less oppression on his lungs and can breathe more easily.

Dr. Mazzoni spent much time examining him. As his Holiness is reduced almost to a skeleton, if a new operation is decided upon, it will not be because of any hope of saving the patient's life, but simply for the purpose of rendering the death agony less acute.

MARRIAGE LICENSES.

The following marriage licenses were issued today by the County Clerk:
Edward Goethe, San Francisco 30
Catherine Daly, San Francisco 26

GEORGE BEAVERS WILL SOON BE ARRESTED.

HE HAS BEEN INDICTED ON A CHARGE OF BRIBERY.

NEW YORK, July 17.—A bench warrant was issued by Judge Thomas in the United States Circuit Court, Brooklyn, today, for the arrest of George W. Beavers on an indictment found by the Federal Grand Jury, which charges him with accepting a bribe of $840. It is understood that payments to Beavers were traced back to the purchase by the Government of the Brandt-Dent Cash Registering Company.

The postoffice inspectors found that Beavers had a large account in the Nassau Trust Company, Brooklyn and are said to have discovered that checks deposited there had been given by ex-Congressman Driggs.

The warrant has not yet been served, and it is rumored that Mr. Beavers could not be found. It was stated that he would have until Monday to present himself and that an arrangement had been made by his attorneys to enter a plea for him at that time.

COLLISION IN SAN FRANCISCO

MISSION STREET CARS CRASH AND WOMAN IS INJURED.

SAN FRANCISCO, July 17.—An open switch and some confusion as to which car had the right of way was responsible for a collision of two cars of the Mission street line at Mission and Twenty-ninth streets last night. Three passengers on one of the cars were badly shaken up, but only one of them, Mrs. J. P. Nolan, received serious injury.

PRESIDENT HOLLAND ON THE STAND.

SAN FRANCISCO, July 17.—President Holland of the United Railroads was again on the stand when the taking of testimony in the carmen's strike was resumed this morning. Judge Muraskey was not present and a dispute between the attorneys consumed all the morning session.

TWELVE MONTHS FOR SELBACH

HE ASSAULTED DOMINICAN SISTERS WITHOUT CAUSE.

SAN FRANCISCO, July 17.—Dr. William H. Selbach, a dentist of Columbus, who was arrested for an assault upon three Dominican sisters on Market street on last Tuesday afternoon was found guilty on two charges of battery by Judge Conlan today and sentenced to the county jail for six months on each charge, making a total of twelve months to be served by him.

IS NOT SERIOUSLY ILL.

SOMERSET, Pa., July 17.—Abner McKinley is not seriously ill. He is able to be out as usual today.

ARD PATRICK WINS STAKES.

KING EDWARD WAS PRESENT AT THE BRIG RACE TODAY.

LONDON, July 17.—Ard Patrick, last year's Derby winner, won the Eclipse stakes at the Sandowne Park race meeting today. Sceptre was second and Rocksand, winner of this year's Derby, was third. Five horses started. King Edward was present and the attendance made a record for the course. It is reported that Ard Patrick was purchased for $100,000 by Count Von Lehrdorff on behalf of the German Government.

Rocksand was favorite in the betting, at 5 to 2; Sceptre was a strong second choice, at 7 to 4, while 5 to 1 was given against Ard Patrick. Oreole led to the stretch, whert Ard Patrick drewn in front, followed by Sceptre, and the pair furnished one of the finest finishes in the history of the turf, Ard Patrick winning by a bare neck. Rocksand was ridden by Martin.

TUG RIVAL IS INJURED.

SCREW PICKS UP HIDDEN CABLE AND SENDS BOAT TO THE DRYDOCK.

The Southern Pacific tug Rival was badly damaged this morning by running afoul of a submerger cable in the slip of the company at the Alameda mole. The boat was moving at a lively rate when the propellor picked up about 150 feet of wire cable, the location of which was unknown to the captain of the craft. How the cable became submerged is unknown. The contact of the wire with the propellor broke four large bolts and injured the main shaft so as to render it unserviceable. The Rival could find no berth on this side of the bay to put into for repairs and was accordingly towed to San Francisco.

THEY WANT THEIR LIBERTY.

FAIR CASE WITNESSES ARE IN TROUBLE IN FRANCE.

PARIS, June 17.—Counsel for A. J. Moranne and Lucien Mas, the witnesses of the death of Mr. and Mrs. Charles Fair, who were arrested on Wednesday on the charge of perjury as a result of information given to the judicial authorities of the department of the Seine that their testimony was open to suspicion of having been inspired by a party to the suit, has demanded that their clients be set at liberty.

The provisional examining magistrate has decided to appoint experts to examine the reports of the American procedure, whereon the arrests of the witnesses is based. Moranne and Mas gave testimony in New York.

ROBBED HOME OF D. EDWARD COLLINS.

First learning from neighbors that no one was home, a burglar yesterday afternoon opened the front door of the residence of D. Edward Collins president of the California Savings Bank, 1388 Harrison street. A skeleton key was used.

The bold thief then searched the residence from basement to attic, but so far as can be ascertained could find no money or jewels. He, however, took a Knight Templar badge, a solid silver medal and an overcoat, which he carted away in a tan grip.

The fellow was seen leaving the house by the front door by some neighbors, but they believed him to be a guest of the Collins family and made no effort to apprehend him.

The thief is described to the police as being of gentlemanly appearance and young. Detectives working on the case are without a clue beyond the fellow's description.

WANTED TO END HIS MISERY.

WATSONVILLE, Cal., July 17.—At 2 o'clock this morning a well-dressed stranger, registering at the Hotel Johnson as G. Ardery, Auburn, Cal., attempted suicide by firing two pistol shots into his body. He left a note saying he had heart trouble and was not long for this world had had better end his misery. He directed that his trunks be sent to a brother in Virginia City, Nevada. Ardery is not expected to live.

LABOR LEADERS WANT STRIKE ENDED.

SAN FRANCISCO, July 7.—President George B. Benham and Secretary E. E. Zant of the San Francisco Labor Council have sent a letter to President John I. Sabin of the Pacific States Telephone and Telegraph Company, reviewing the strike of the linemen, the causes that led to it, and expressing the hope of an early adjustment of the difference.

LARCENY IS CHARGED.

E. S. Jones, a real estate dealer, has sworn to a warrant for the arrest of O. A. Rudolph, also a real estate dealer, on a charge of petit larceny. Jones declares that Rudolph failed to turn over $16 which he had collected as rent.

HELD TO ANSWER.

George Gannon, known to the police as the musical burglar because of his fondness for stealing musical instruments, was held to answer in the Police Court this morning on a charge of burglary.

OFFICERS SUFFER ARREST.

CHARGED WITH CONSPIRING AGAINST KING CHARLES OF PORTUGAL.

BERLIN, July 17.—A dispatch to the Cologne Gazette from Lisbon says that a number of officers of the Sixth Portuguese Infantry have been arrested on the charge of conspiring against King Charles. They will be tried by court-martial.

Suspicions of a widespread conspiracy against the dynasty have been entertained for some time, the instigators being officers who were cashiered some time ago. Other regiments are said to be affected.

PLEA MADE FOR THE JEWS.

(Continued From Page 1.)

The official statment of the facts is as follows:

The Russian Government has declined to receive or to consider the petition in relation to the condition of the Jews in Russia signed by several thousand citizens, and cables to St. Petersburg by direction of the President.

At the conference on Tuesday, July 14, at Oyster Bay, the President conferred with Messrs. Leon Levy, Simon Wolf and Oscar S. Strauss in regard to the petition and decided to sent the two dispatches to Mr. Riddle, the American charge at St. Petersburg:

"State Department, Washington, July 15, 1903. Riddle, St. Petersburg:—You are instructed to ask an audience of the Minister of Foreign Affairs and to make to him the following communication.

"'Excellency: The Secretary of State instructs me to inform you that the President has received from a large number of citizens of the United States of all religious affiliations, occupying the highest positions in both public and private life, a respectful petition addressed to His Majesty, the Emperor, relating to the condition of the Jews in Russia and running as follows:

"'To His Imperial Majesty, the Emperor of Russia: Cruel outrages perpetrated at Kishineff during Easter of 1903 have excited horror and reprobation throughout the world. Until your Majesty gave special and personal directions, the local authorities failed to maintain order or suppress the rioting.

"'The victims were Jews and the assault was the result of race and religious prejudice.

"'Rioters violated the laws of Russia.

"'The local officials were derelict in the performance of their duty.

"'The Jews were the victims of indefensible lawlessness. These facts are made plain by the official reports and the official acts following the riot.

"'Under ordinary conditions, the awful calamity would be deplored without undue fear of a recurrence. But such is not the case in the present instance. Your petitioners are advised that millions of Jews, Russian subjects, dwelling in Southwestern Russia, are in constant dread of fresh outbreaks. They feel that ignorance, superstition and bigotry, as exemplified by the rioters, are ever ready to persecute them; that the local officials unless thereto specially admonished, cannot be relied on as strenuous protectors of their peace and security; that a public sentiment of hostility has been engendered against them and hangs over them as a continuing menace.

"'Even if it be conceded that these fears are to some extent exaggerated, it is unquestionably true that they exist, that they are not groundless, and that they produce effects of great importance.

"'The westward migration of Russian Jews which has proceeded for over twenty years is being stimulated by these fears, and already that movement has become so great as to overshadow in magnitude the expulsion of the Jews from Spain, and to rank with the exodus from Egypt.

"'No estimate is possible of the misery suffered by the hapless Jews who feel driven to forsake their native land, to sever the most sacred ties, and to wander forth to strange countries. Neither is it possible to estimate the misery suffered by those who are unwilling or unable to leave the land of their birth; who must part from friends and relatives who immigrate; who remain in never-ending terror.

"'Religious persecution is more sinful and more fatuous even than war. War is sometimes necessary, honorable and just; religious persecution is never defensible.

"'The sinfulness and folly which give impulse to unnecessary war received their greatest check when your Majesty's initiative resulted in an international court of peace.

"'With such an example before it, the civilized world cherishes the hope that upon the same initiative there shall be fixed in the early days of the twentieth century the enduring principle of religious liberty; that by a gracious and convincing expression your Majesty will proclaim not only of the government of your subjects but also for the guidance of all civilized men, that none shall suffer in person, property, liberty honor or life because of his religious belief; that the humblest subject or citizen may worship according to the dictates of his own conscience, and that government, whichever its form or agencies, may safeguard these rights.

IN THE NAME OF LIBERTY.

"'Far removed from Your Majesty's domains, living under different conditions and owing allegiance to another government, your petitioners yet venture, in the name of civilization, to plead for religious liberty and tolerance; to plead that he who led his own people and all others to the spring of peace will add new lustre to his reign and fame by leading a new movement that shall commit the whole world in opposition to religious persecution.

"'I am instructed to ask whether the petition would be received by Your Excellency to be submitted to the gracious consideration of His Majesty. In that case the petition will be at once forwarded to St. Petersburg.

"'I await myself, etc.'

"You will report at the earliest possible moment the execution of these instructions.

(signed) "HAY."

THE DENIAL.

This was sent on the 15th of July and the same day Mr. Riddle was informed by the Russian Minister of Foreign Affairs, that, in view of the publications which had appeared in the newspapers, the Russian Government wished to notify him that the proposed petition would not be received under any circumstances and that this resolution of the Russian Government was taken independently of any consideration of the substance or terms of the petition. On the receipt of this information the Secretary of State adds the following letter to Messrs. Strauss, Wolf and Levy:

"Sir:—I am directed by the President to acquaint you that this department is informed by the American Embassy in St. Petersburg that the Imperial Government of Russia has declined to receive or consider the petition in relation to the condition of the Jews in Russia which was addressed to His Majesty, the Emperor, by a large number of citizens of the United States and which this department, by direction of the President and at your request, undertook to transmit to its destination.

"I am, sir, very respectfully yours,
"JOHN HAY."

STATE SENATOR PASSES AWAY

HON. WILLIAMS DIES OF HEART FAILURE AT HIS HOME IN SAN FRANCISCO.

SAN FRANCISCO, July 17. State Senator George Williams of the 24th Senatorial District, died at his home in this city early this morning of heart failure. He was a Republican and holdover Senator having three years ye to serve. He had previously been in the Legislature, having accepted a seat in the Upper House from 1891 to 1893.

The deceased had occupied a position in the Internal Revenue office under Internal Revenue Collector John C. Lynch, since about the middle of May. Senator Williams was apparently in his usual health and spirits during yesterday, but was taken suddenly ill in the evening and died about 3 o'clock this morning.

SIXTEEN MILLION MORTGAGE IS DUE.

NEW YORK, July 17.—Judge Kirkpatrick, sitting in the United States District Court, signed an order today on application of counsel representing the Mercantile Trust Company of New York, permitting that corporation to foreclose the $16,000,000 mortgage of the United States Shipbuilding Company held by it as trustee for the bondholders.

The petition sets forth the default in payment of interest charges due early in July. The petition may be filed with any United States District Court and a day will then be fixed for argument by counsel for and against the allowance of the foreclosure. Receiver James Smith will open the suit. The order permitting the filing of the petition has been anticipated by counsel representing the filing of the petition has been anticipated by counsel representing the receiver and the legal battle to prevent the foreclosure, when it takes place, will be of a sensational nature.

ACCUSED OF CRIME.

Louis Barthold was held to answer in the Police Court this morning to a charge of obtaining money under false pretenses. He is accused of raising a county time check from $32 to $42.

Gloves at one-third —Saturday Only

This is a bold statement, but it's true. Let us explain it.

We do an immense glove business. We sell more gloves of all grades than all other glove stores combined on this side of the bay.

Glovemakers are not infallible. Sometimes—not often—they send out gloves that are not quite perfect. You couldn't tell the difference; we can. We send them back to the factory and after being repaired they are returned—at a big discount of course.

Again, a seam will sometimes open and in such cases, we always give a new pair. The other pair, repaired is as good as new.

For such reasons as these, good gloves accumulate, and we mark them at about half price.

We have put all these gloves into one lot and on Saturday we will cut the reduced prices squarely in half.

THIS OFFER ON SATURDAY ONLY.

Special—All our parasols must be sold by July 31, '03 at one-half price. Look at our windows for bargains and prices.

Gloves cleaned as they should be cleaned.

CLUNIA LEFT A MILLION.

SAN FRANCISCO, July 17.—The will of the late Thomas J. Clunie was admitted to probate today by Judge Muraskey. It was presented by ex-Judge E. A. Bridgford, the principal executor, and went upon record with the consent of his associates, Andrew J. Clunie and Russel G. White.

Judge Muraskey then took estimates as to the value of the estate. It appears that the property left by the deceased totalled over a million. The rental value of the estimate was given as $44,000. On this showing Judge Muraskey fixed the bonds of the executors at $300,000, that is at $150,000 each.

The executors announced that they would file their bonds at once and enter upon the management of the estate.

N. C. GOODWIN AS BOTTOM.

PLAN TO PRESENT "MIDSUMMER NIGHT'S DREAM" IN OAKLAND.

Nat C. Goodwin, the eminent comedian who is resting in San Francisco, has been asked by F. R. Porter to appear in an all-star cast in an Oakland production of "Midsummer Night's Dream." An answer from Mr. Goodwin will be received today.

It is proposed to have Mr. Goodwin fill the role of Bottom, with Wilton Lackaye as Theseus, Julia Dean as Hermina, Florence Roberts as Helena, Zeffie Tilney as Hippolyte, Edwin Stevens as Philostrate, White Whittlesey as Lysander, Charles Wyngate as Demetrios and Amelia Bingham as Obeton.

If Mr. Goodwin assents the performance will be given at either Arbor Villa or at the park of the California Jockey Club. Charity will benefit by the proceeds. It is intended to have Gottlob, Marx & Co. of the Columbia Theater handle the technical details of the spectacle. Special trains will bring patrons from San Jose and other points. Mr. Goodwin is to remain in and about San Francisco until the third week in August. It may be added that according to Mr. Gottlob, who gave an off-hand opinion, "Midsummer Night's Dream" has never been presented outdoors since Shakespear's time.

IN SEARCH OF GRAIN ROUTE.

ST. JOHN, N. F., July 17.—The Canadian Government has chartered the Newfoundland sealing steamer Neptune to convey an expedition to Hudson Bay. The expedition will winter at Chesterfield Inlet. The object is to determine the availability for the region for a Canadian grain route. Captain Samuel Bartlett, for several years navigator of the Peary steamers, is in command of the ship, the crew of which consists of Newfoundlanders familiar with the route. The company is composed of Canadians.

This is the second sealing ship chartered within a month, the British Admiralty having recently secured the Terra Nova to convey a relief expedition to the Ant-Arctic steamer Discovery.

CHINESE MURDERER GETS A REPRIEVE.

SAN QUENTIN, July 17.—Ung Ting Bow, who was to have been hanged today for the murder of another Chinese at Hanford, has received at least a few days' lease of life, by the service on Warden Aguirre of a notice of appeal to the Supreme Court. This will act as a temporary stay of execution.

MARRIED A PRINCE.

NEW YORK, July 17.—Information has been received here of the marriage of Baroness de Vriere, only daughter of the late Heyward Cutting, to Waldimar de Constantinovitch, a Servian Prince. The wedding took place in London. The groom is said to be a distant relative of the late King Alexander.

EPWORTH LEAGUE MEETS

TWELVE MEETINGS SCHEDULED FOR SIXTH INTERNATIONAL CONVENTION.

DETROIT, Mich., July 17.—Beginning with a watch service at 6:30 o'clock this morning, today's program for the Epworth Leaguers who are attending the sixth international convention of the league comprised twelve meetings during the day and evening. Despite the early hour there was a good attendance at the morning watch, which was presided over by Rev. S. B. Towne of Greencastle, Ind.

At 9 o'clock, four departmental conferences began which occupied the rest of the morning. They were on spiritual work, missionary work, junior work and literary and social work.

At the junior conference, Rev. A. F. McKenzie of Toronto, in his paper on "The Problem of Our Big Boys and Girls" pointed out the benefits of athletics as an adjunct to the Sunday school work among boys.

Girls, too, he declared, should have their exercises, lessons in housekeeping, etc., to help interest them in their work.

WOMAN KISSES HER MURDERER.

REDDING, July 17.—As she was dying from the effects of three bullet wounds inflicted by Jack Burbank, Dora Struber kissed the lips of the man who had fatally shot her as he lay by her side on the floor with a self-inflicted, but not fatal wound in his head. The double shooting occured at 11:30 o'clock last night at Delamar in a room over a dance hall, in which the woman was employed. She lived but a minuteor two. Burbank was arrested, but not until after he had snapped his revolver at the arresting officer, Constable H. F. Williams. The murderer is now in the County Jail at Redding with a slight wound in the mouth.

Dora Struber and Jack Burbank had lived as man and wife together for the past four years. They quarreled, and the tragedy was the outcome. The woman's home was in Oakland, where she has a brother named Fred Lomery.

BUILDING TRADES TIE UP ENDED.

NEW YORK, July 17—The signing of the arbitration plan of the builders and an agreement and a wage scale for another year by the bricklayers' union, it is said, insures the return to work on Monday of 75,000 men and the end of the building trades' tie-up.

The fact that sixteen of the twenty-two local unions of the Brotherhood of Carpenters and Joiners have accepted the arbitration agreement, is taken as further assurance that the strike will end.

REDUCED ROUND-TRIP RATES.

CHICAGO, July 17.—James Charlton, chairman of the Trans-continental Passenger Association, announces reduced rates on the basis of one fare for the round trip for the American Bankers' Association, San Francisco, October 20 to 23; tri-ennial conclave Knights Templars, San Francisco, September 7-9; National Live Stock Association, Portland; Ore., January 12-15; Trans-Mississippi Commercial Congress, Seattle, August 16-21.

PERSONAL AND SOCIAL.

MISS AMY GREGORY OF CENTERVILLE WILL WED OLIVER BLANCHARD.

CENTERVILLE, July 17.—The engagement has just been announced of Miss Amy Gregory of this place and Oliver Blanchard of San Jose. The wedding will take place at the present home of the bride's parents, Mr. and Mrs. H. C. Gregory, in Centerville, on August 5th.

The Gregory family is well known throughout Alameda county and in San Jose, Mr. Gregory being a pioneer of the State and a brother-in-law of the late James Graham, founder of the Newark foundry. Miss Amy Gregory was educated at the Irvington Seminary and studied music under a San Jose teacher. She has many accomplishments and has hosts of friends.

Mr. Blanchard is an official court stenographer in San Jose. His twin sister, Miss Sallie Blanchard, will be Miss Gregory's bridesmaid, and Mrs. Jules Schemel of Gilroy, the matron of honor. George Gregory, the brother of the bride, will be best man.

The young couple will go to Del Monte for their honeymoon, and upon their return will reside in San Jose.

NEARLY A HUNDRED.

Dr. John H. Floto, formerly of San Francisco, will reach his ninety-eighth birthday on the 18th inst. He resides with his youngest daughter, Emma G. Floto, at 1133 Chestnut street, Oakland.

PERSONAL MENTION.

HARRIMAN GOING INTO OIL

HIS SYNDICATE WILL TAKE OVER ASSOCIATED OIL COMPANY.

BAKERSFIELD, Cal., July 17.—An important statement has been made here to the effect that the Harriman syndicate will shortly take over the control and management of the Associated Oil Company, which it has secured by buying the stock of the Reed Crude and San Joaquin. Following right on the heels of this, the information leaks out that the Southern Pacific has cancelled all orders for development work on its properties at Kern River and McKittrick. In the former field orders had been given for drilling twenty-five more wells and at the latter ten.

As has been reported and confirmed, the Harriman syndicate recently purchased an interest in the Associated and no one with any knowledge of the railroad president's business methods, it is said, can believe otherwise than that he will not stop short of full control.

ASSISTANT CHIEF CRITICALLY ILL.

CLEVELAND, July 17.—Assistant Grand Chief A. B. Youngson of the Brotherhood of Locomotive Engineers, is lying critically ill in a hospital at Meadeville, Pa., and has not been informed of Mr. Arthur's death. The remains of Chief Arthur will probably reach here Sunday evening.

PAINT HOUSE DESTROYED BY FIRE.

DENVER, July 17.—McPhee and McGinnity's paint, oil and sash house at Eighteenth and Wazee streets, was destroyed by fire this morning. The loss is estimated at $200,000, nearly covered by insurance.

HEART FAILURE CAUSED DEATH

CHIEF ARTHUR DROPPED DEAD IN THE PRESENCE OF AN AUDIENCE.

WINNIPEG, Man., July 17.—Heart failure, due to over-emotion, was the cause assigned by the physician for the death of Chief P. M. Arthur of the Brotherhood of Locomotive Engineers late last night.

"Out of the fullness of the heart the mouth speaks" were the opening words of the last speech that Chief Arthur will ever deliver. The speaker then paused slightly, seemingly in an effort to control his feelings. The chairman had just presented him a beautiful floral piece. As the venerable leader began the sentence: "I want to say a few thing, as it may be my parting words to many of you," his voiced lowered slightly, but without losing its clearness, he continued: "We are here tonight, no one can tell when ——"

At this point, five minutes after midnight, the speaker fell. Ladies present were the first to utter a signal of alarm. In an instant several hands were raised to give assistance. Several rushed forward to aid him. Dr. McArthur examined the patient and pronounced him dead.

The funeral will take place at 1 o'clock this afternoon from the undertaking rooms. The body will be taken to Cleveland for interment.

BILLY LAVIGNE WILL NOT FORSAKE THE ACME CLUB—JIM CORBETT PLAYS BASEBALL IN ALAMEDA—OAKLANDS LOST GAME AT PORTLAND.

SPORTS

SAN FRANCISCO TEAM WINS A CLOSE GAME—KELLY WANTS TO MEET FOLEY AT RELIANCE CLUB—BRITT AND O'KEEFE HAVE NOT DECIDED ON REFEREE.

KELLEY IS AFTER FOLEY.

MATCH FOR MIDDLE WEIGHT HONORS MAY TAKE PLACE IN OAKLAND.

Either San Francisco or Oakland will see the coast middleweight championship decided this fall. Hugo Kelly, the Chicago middleweight, wants to come out to California and show what he can do. He writes that he is not particular who he fights, so long as his opponent is worthy of him.

If he cannot make arrangements for a fight with Foley, the Coast champion, Kelly is willing to meet the Los Angeles man, Billy Woods, Tom Reilly of Seattle, or Al Neil of San Francisco.

Kelly has defeated Owen Zeigler, Harry Peppers, Jack Daly and Rube Ferns and is now looking for other worlds to conquer.

In Chicago he is considered nearly as good as Jack O'Brien and Tommy Ryan.

Harry Peppers of Chicago, who was defeated by Hugo Kelly in a middleweight contest, is expected to come to the Coast soon. He is well known here, having defeated in San Francisco William Zelner, the druggist, and fought a draw with John Stelzner

IRWIN AND OTTS MAY MEET.

THEY MAY BE THE FIRST ATTRACTION UNDER NEW ORDINANCE.

The boxing season in Oakland will probably open up next month with a bout between Toby Irwin, a local fighter, and Billy Ott, a veteran of the Philippine campaign, with a bullet in his body and sergeant's stripes on his suit. Alec Greggains has been trying to match the two boxers for a curtain raiser to the big Britt-O'Keefe fight.

Billy Ott is a little heavy at present and would have to work down to Irwin's weight. He could do this easily, however, as he is training the fighters at Sheehan's tavern.

There will probably be other mills in Oakland in the near future, under the auspices of the Reliance, West End and Acme athletic associations. The aldermen have passed an ordinance allowing one fifteen-round contest each month.

Ott yesterday told a reporter that he was willing to sign for a fight with Irwin any time convenient. The fight will no doubt be a good one and will be well attended, as Oaklanders have not seen a boxing contest for some time.

HUNT WINS.

REUBEN HUNT ENTERS SEMI-FINALS IN SYRACUSE TOURNAMENT.

Reuben Hunt, the California tennis player, is making an enviable record in the New York State tennis tournament. In the semi-finals Hunt defeated Jonney, the well-known player of Syracuse. While in the University of California Hunt made himself Gulf States champion by his expert work with the racket.

OAKLAND BOY DROWNED IN LAKE.

TOWLE, Cal., July 17.—While rowing in Lake Ladore, a reservoir used by the South Yuba Water Company, about half a mile from here, Theodore Hulke, the 19-year-old son of Mr. and Mrs. A. Hulke, was drowned some time Monday afternoon.

The Hulke family are camping on the lake shore. Shortly after luncheon, the youth left the camp alone, telling his mother he was going for a row on the lake. When he did not return in time for dinner, his mother and brother became alarmed and instituted a search for him which resulted in finding the boat which he had occupied. The lake was dragged and the body recovered by R. A. Rose. The remains will be shipped to Oakland for burial.

HARD HITTING AT PORTLAND.

RECRUITS LOSE TO BROWNS—'FRISCO TAKES CLOSE GAME.

Following is the standing of the clubs of the Pacific Coast League for the 1903 pennant:

Clubs—	W.	L.	P.Ct.
Los Angeles	60	35	.632
Sacramento	55	40	.579
San Francisco	57	42	.576
Oakland	43	61	.413
Seattle	36	55	.396
Portland	34	53	.391

Yesterday's results:
Oakland 5, Portland 13.
San Francisco 4, Sacramento 3.
Seattle 6, Los Angeles 1.

Every batter on the Portland team found "Southpaw" Cooper for one or more hits, with the result that there was a total of only 19 safe hits, aggregating twenty-seven bases. This was good for thirteen runs. The Recruits hit Kosial quite freely.

San Francisco took another from Sacramento yesterday and are again dangerously near the coveted second position, for which it has been struggling during the past ten days. Whalen and Thomas, the star pitchers of the two teams, opposed each other and the result was a game of the stellar order and close throughout. Both pitchers weakened in the sixth inning and the two teams got thre runs apiece. Harris' hired men managed to negotiate a tally in the fourth period and that won them the game.

The best that the Angels could do with Hughes' delivery was three little hits for one run, while the Seattleites hit Newton for ten safe ones that netted them six runs. The team back of Hughes played a good game and only one error was charged up against it.

Mike Fisher had his eagle eye out for another pitcher, who is guaranteed to travel in select company. He has Thomas and Cutter, who are tried and true, and Brown, Keefe and Fitzgerald, the debutantes. The latter three have been pitching good ball, but as yet they are inexperienced and the Sacramento magnate wants to have three experienced men on his staff.

Oscar Jones, the little pitcher who did such excellent work for Jim Morley last year, is winning all kinds of fame with the Brooklyn team this year, and is being classed with such stars as Mathewson, Leever, McGinnity, Chesbro and Tannehill. He has pitched seventeen games and has won twelve of them, giving him a percentage of .705. Schmidt has fallen off a little in his work and it is attributabue to the extremely hot weather. He has won ten out of eighteen games, which he has pitched.

Frank Dillon, captain of the Los Angeles team, is still leading the league in batting and has materially increased his batting average. He is now batting at .367 and even the pitchers, Sample and Moskiman, are behind him now. Those who are batting over .250 are:

Dillon	.367
Sample	.355
Moskiman	.344

OUR FLEET SAILS.

PORTSMOUTH, Eng., July 17.—The American squadron under command of Rear Admiral Cotton, which has been visiting British waters, left here this morning, the Kearsarge en route for Frenchman's Bay, Me., and the other vessels bound for Lisbon. Considerable enthusiasm marked the departure of the American ships. Salutes were fired and hearty parting cheers were exchanged by the American and British sailors.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints.

It is a miserable disease and traceable in almost every instance to some family blood taint. Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. Eminent physicians were consulted, but could do nothing to relieve the little innocent. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

MRS. RUTH BERKLY,
150 South 5th Street. Salina, Kan.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

SSS

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

JAMES J. CORBETT, AS HE LOOKS TODAY.
(Photographed by a TRIBUNE photographer.)

LAVIGNE WILL BE BACK.

HE WILL MANAGE THE AFFAIRS OF THE ACME CLUB—LONG'S DATES.

Billy Lavigne has not forsaken Oakland and as soon as he completes his business engagements in British Columbia he will return and take up the active management of the Acme Club in this city. A short time ago a dispatch from Seattle stated that Lavigne had decided to open a club in that city. To correct the false impression Lavigne penned the TRIBUNE the following which is self-explanatory:

"Vancouver, B. C., July 13, 1903.

"Sporting Editor Oakland TRIBUNE:—Just a few lines to let you know how things are with us. Note you had an article in the TRIBUNE of the 9th whereby I was mentioned as about to leave Oakland to take charge of a club at Seattle.

"I want to say my relations with the Acme Club are the same now as when I left Oakland some three weeks ago. The Acme Club will fall in line there with the very best boxing cards obtainable in due time after the ordinance passes.

"We are in some hopes of getting Spider Welch for Long before leaving here but I think we will have to rest satisfied without meeting the 'Insect.' He absolutely refuses to sign articles and post a forfeit. We had him without a forfeit before and he flunked out at the last moment. Long is to be matched with Johnny Ritchie for either here or at Victoria within three weeks. They are to meet twenty rounds at 125 pounds. Jack Clifford and Perry Queenan meet here on July 21 at 135 pounds.

Clifford and Long will train together here at the Savoy Athletic Club. Long has become a great favorite here. Louie is a very quiet and unassuming little fellow that will make friends fast anywhere he goes. His bout with Ritchie will give him a good bit of the necessary experience he needs. Ritchie has beaten Harry Forbes and fought McGovern when the "Terrible" was at his best. Thanking you for past favors, etc., I remain, Yours respectfully

"BILLY LAVIGNE."

PROMINENT OFFICIAL MAY BE INDICTED.

NEW YORK, July 17.—It was currently reported at the Federal Building in Brooklyn today that the United States Grand Jury has brought in an indictment against a prominent official, whose name has been mentioned during the postoffice investigation, and that a warrant had been issued for this official's arrest.

RETIRED BANKER KILLS HIMSELF.

CLIFTON SPRINGS, N. Y., July 17.—Albert Finch, a retired banker of New York, whose country home is at Greenville, Orange county, has committed suicide by hanging. He had suffered for some time from despondency and was being treated in a sanitarium here.

PORT ARTHUR IMPREGNABLE.

ST. PETERSBURG, July 17.—A telegram received here from Port Arthur says that upon the occasion of the laying of the cornerstone of the cathedral there, General Kuropatkin, the Russian War Minister, made a speech in which he expressed the conviction that "Port Arthur is now becoming a fortress inaccessible to all enemies, no matter how great their number or whence they come."

YACHTS PREPARE FOR A FUN.

NEW YORK CLUBMEN WILL HAVE AN INTERESTING TIME ON THE WATER.

GLENCOVE, N. Y., July 17.—When the bugler on board the New York Yacht Club's flagship, the Delaware, blew for colors at 8 o'clock this morning and the yachts prepared to start the initial run of the annual cruise to New Haven, there was scarcely wind enough to carry the smoke from the fifty or more steam yachts out of Glencove.

Signals for the start were hoisted on the flagship at 8:30 a. m. and soon afterwards most of the fleet was under way. The cup yachts, the Reliance, Constitution and Columbia, waited, however, until the bay was fairly clear of yachts before starting out, provision having been made to send the other racers well ahead of the 90-footers in order to give these great racing machines plenty of sea room.

A CHALLENGE.

MELROSE HAS A FAST TEAM AND IS LOOKING FOR A GAME.

Melrose has entered the baseball arena with a crack amateur team which is looking for games. The suburb boasts of a team whose ages average under 16 years and who are able to put up a good class of baseball. The following challenge has just been issued:

Sporting Editor OAKLAND TRIBUNE—Dear Sir: The Melrose baseball team will challenge any and all teams under 16 years of age. The line-up of the Melrose team is as follows. Catcher, Hartwig; pitcher, Hughes; first base, Finley; second base, Carroll; short stop, J. Ramos; third base, F. Ramos; left field, Boner; center field, Miller; right field, Black. Address all acceptances of challenge to John M. Carroll or John Finley, Melrose, Cal.

NEWARK BOY IS INJURED.

NEARLY LOST HIS LIFE BY BEING CAUGHT IN THE MACHINERY.

NEWARK, July 17.—Joseph Silva, a machinist's helper in Dunn's factory, aged 14 years, received injuries here yesterday which will maim him for life. The lad was oiling the shafting and stooped to insert the nozzle of the oil can in the cap on a small wheel. In doing this his clothing became entangled in the machinery and he was jerked over backward and thrown upon the big belt and hurled in the air. He struck against a shaft and fell to the floor unconscious, landing immediately under a fly wheel which ground into his flesh, tearing his body in a frightful manner.

When the other workmen ascertained what had happened, the machinery was stopped and the boy carried into the company's office. A physician was summoned who temporarily dressed the lad's injuries. He was then taken to his home where physicians and surgeons are doing their utmost to save his life.

KINGS OF TURF TO MEET.

WATERBOY, THE CALIFORNIA CRACK, AND M'CHESNEY TO RACE.

A race that is attracting considerable attention among turfmen all over the country will take place next Wednesday at Brighton Beach between the famous McChesney and Waterboy, the California sprinter.

Match races are against the rules of the jockey club, so there will have to be a field. Secretary Boden, of the Brighton Beach track offered E. E. Smathers a purse of $10,000 for a meeting between the two horses, which was accepted.

Frank Taylor will probably train McChesney as Sam Hildreth, his new trainer, bears a bad record with the jockey club. Jack Joyner, trainer of Waterboy has bet Smathers $10,000 on the race already.

Waterboy is a California horse and his great race with the mighty McChesney will be watched eagerly by all the sports of the vicinity. Waterboy won the Suburban renewal in Chicago in fine style. He is owned by J. B. Haggin, the man who had Salvator when he defeated Tenny in the famous race of 1890.

Waterboy sprung into prominence by the complete failure of Hermis to make his expected showing last season. Many believed that this horse was the superior of McChesney, but he did not even show himself in the same class. Waterboy was sired by Watercress, but seems to like the track better than the old stallion. The way he beat Irish Lad shows his staying qualities.

The condition of the race between McChesney and Waterboy are as follows: The championship special at weight for age, for horses three years old and upward, by subscription of $500 each, or $50 if declared out by 2 p. m. on Tuesday, July 21st, the association to add $10,000. Waterboy and McChesney to start or no race. Good weather and track at one and one-quarter miles.

GENERALS WILL BE PROMOTED.

WASHINGTON, July 17.—The President has given directions for the preparation of commissions for the following promotions in the army:

Major General S. B. M. Young, to be Lieutenant General, vice Lieutenant General Miles, who retires August 8.

Brigadier General S. S. Sumner, to be Major General, vice Major General Davis, to be retired July 26.

Brigadier General Leonard S. Wood, to be Major General, vice General Young, to be promoted.

TELEPHONE COMPANY ANSWERS.

In the damage suit begun some time ago by Mrs. Mary Conroy against the Sunset Telephone and Telegraph Company, in which the plaintiff claims that one of the telegraph poles belonging to the company fell through her window at 1013 Third street, causing her serious injury, an answer was filed by the telephone company yesterday.

In the answer the defendants allege that they are in no way responsible and that the plaintiff could not have been injured in the manner she claims, as they never owned any pole which stood in front of her house. Pillsbury, Pillsbury, Sutro & Madison of San Francisco are representing the defendants.

CHINA BORROWS MONEY.

ST. PETERSBURG, July 17.—China, it is announced has concluded a loan of 2,000,000 taels with the Russo-Chinese Bank, which in lieu of interest, obtains certain privileges in Chinese Tukestan.

We are really very modest

—you never see us go into hysterics and publish a lot of nonsense about sensational drug-cutting, persecutions and similar fairy tales. Doing the baby-act is not business.

We tell the exact truth—both over our counters and in the newspapers.

The public evidently puts its confidence in people who tell the truth, and that's why our business is steadily increasing.

Osgoods started drug-cutting: we have never changed our policy and we never shall. We never allow anybody to cut deeper and we never shall.

That's enough—because it's all—on the subject.

CORBETT PITCHES A GAME.

EX-CHAMPION AND FRIENDS ENGAGE IN BASEBALL AT ALAMEDA.

"Gentleman Jim" Corbett took a half holiday yesterday afternoon in honor of the birthday of his brother Harry. A large crowd of friends and admirers were at Croll's Gardens all day enjoying themselves with the big boxer.

In the morning Corbett punched the 600-pound bag, wrestled with Yank Kenny, and sparred against an imaginary opponent. Three times he went through each of these gymnasium exercises and then called training off for the day.

In the afternoon there was a game of baseball. Two "picked nines" from among the visitors were pitted against each other. Jim was the twirler for one team, the side that was beaten, 31 to 19. The game stopped rather unceremoniously by one of the runners getting thirsty on second, and leaving the diamond for a glass of the amber-colored fluid.

In the evening Jim was present at a surprise party and dinner to his brother Harry. Later, the ex-champion, with his brothers, Harry and Tom, F. McQuaid, Martin Brady and ladies, went to the Chutes, returning to Alameda about midnight.

ROBBERS QUICKLY CAPTURED.

THEY ATTACKED AND BRUTALLY BEAT A LIVERMORE FARMER.

NILES, July 17.—While returning from town on business, James Cannon, a young farmer, residing near Livermore, was held up by three masked men Wednesday night about 10 o'clock. The ruffians beat him severely and secured about $40 in coin.

Cannon was crossing the stone bridge not far from here when he was met by the men who ordered him to hold up his hands. Cannon whipped out his knife in an endeavor to defend himself. Three to one is rather an unfair fight, and Cannon naturally got the worst of it. He was struck on the head with a blunt instrument and rendered insensible.

The unfortunate victim was discovered by a passerby who had him carried to Niles, where his wounds were dressed by Dr. C. E. Chalmers. Cannon had sustained several severe cuts and bruises on his face, and a dangerous scalp wound.

Constable Roderick was notified, who summoning a posse, started at once in pursuit of the robbers. About two miles from the scene of the robbery, the officers came upon two men answering the description given by Cannon.

The men were arrested and brought to the jail. When they were charged with the crime, the men who gave the names of John Stern and Frank Goodreff, admitted that they had had some trouble with Cannon, but stated that he had attacked them first. When searched the men had but 40 cents and it is supposed that the third man who made his escape, carried away the money stolen from the young farmer.

Goodreff bears a knife wound on his left shoulder inflicted by Cannon.

The prisoners were arranged before Justice of the Peace Powers and their hearing was set for Saturday morning.

NEW TEMPLE OF THE LORD.

NEW TRINITY GERMAN LUTHERAN CHURCH NOW NEARING COMPLETION.

The members of the new Trinity German Lutheran Church, which is now in course of construction at the corner of Seventeenth avenue and East Fifteenth street, are gratified with the progress which is being made with the work. The structure has advanced so far as to give promise of being completed, at the latest, in about six weeks. At that time the congregation, which is now worshiping in Cameron Hall, on Thirteenth avenue, Sunday evenings, will take possession of the new structure and maintain it in a liberal manner. The society comprises about 200 members. It has extended a call to act as pastor to Rev. T. Backus of Addison, Ills., a young clergyman who has been in the ministry about six years and who is said to be more than ordinarily successful. The call up to the present time, however, has not been accepted. Until a permanent pastor is obtained the society will continue to be ministered to by Rev. J. H. Theiss of the Reformed Lutheran Church at the corner of Twelfth and Myrtle streets, who will address the congregation Sunday evenings.

The new structure is built of wood, has a frontage of fifty-eight feet and a depth of thirty-six feet, with a seating capacity of 300. It will cost between $5,000 and $6,000. The design was supplied by Architect R. Morgemer and the work of construction is being carried on by the builder, M. Zache.

TO CONSOLIDATE COLLEGES.

NEW YORK, July 17.—Arrangements have been perfected for the announcement of the plans for the consolidation of the Jewish theological seminaries in the United States. The scheme has been, for some time, in the hands of a New York law firm. The result of their work will be made public, it is stated, in a few days.

HAVE NOT CHOSEN REFEREE.

BRITT AND O'KEEFE WILL MEET FOR THAT PURPOSE SOON.

The referee has not yet been selected for the Britt-O'Keefe mill, although the bout will be pulled off in a fortnight. Alex Greggains and Eddie Graney have been spoken of by O'Keefe as good men for the position, but Britt objects to them, principally, it appears, because O'Keefe favors them. The boxers are to meet under the auspices of the San Francisco Athletic Club, of which Greggians is the official referee. Graney does not want the job, as he is to officiate at the Jeffries-Corbeet fight next month. So Greggians will probably be the man, as he is fair and will treat both contestants justly.

The fighters are training hard as their rivalry amounts almost to enmity, each out for blood. They will meet some time next week and decide definitely on a referee.

That the mill will be well attended is shown by the fact that many orders for seats have been received already by the management. Some came from as far as Butte, Montana.

AN INSTRUCTIVE INCIDENT.

Suppose, for instance that Orinda Park was an inflammatory settlement holding to lynch law as the proper method of administering justice and suppose further that the Silva girl had specifically charged some person with the offense she alleged to have been committed against herself—what would have been the consequence? In all likelihood the accused person would have hanged, inquested by the Coroner and buried with every mark of public disesteem before anyone would have suspected that he was entirely innocent, that no crime had been committed and the girl's whole story with its circumstantial proof, was all a cunningly conceived fake, contrived to cover up her own unchastity.

Let us carry speculation a little further and suppose the girl was foolish and wicked enough to think her strait required a victim and had charged the pretended outrage against some friendless stranger or some person against whom she cherished a grudge. We can readily see how Judge Lynch can be invoked to gratify a private revenge or to wreak a barbarous vengeance at the instigation of vice and folly.

As it was there were loud threats at Orinda of lynching the perpetrators, in case they were caught, of the alleged outrage. The girl only had to crook her finger at some man in the neighborhood without wealth or influence to get him hanged. Consider the position of lynchers who make such awful mistakes as this would have been. The community would have been incited to murder an innocent person for no higher motive than concealing a vulgar amour.

An interesting history of the development of lynch law and its application to private ends has been written of a section of Eastern Texas in the early days. An organization called Regulators undertook the administration of justice with Judge Lynch as the presiding jurist. This organization fell under the control of a gang or desparate men who established a rule of terrorism by threats and nocturnal visitation in which hanging and whipping played a leading part. No man's life or property was safe who did not bow to the decrees of this gang whose reign finally became so unbearable that a counter lynching association was organized to rid the country of their crimes and inquisitorial despotism. This was not done, however, till a state of civil war practically prevailed for several years.

Dispatches from Chicago remind one of the exciting days of 1894. Perhaps the citizens of that town are working up a proper stage of excitement in honor of Grover Cleveland's coming to make a speech.

THE RURAL PRESS AROUSED.

A number of rural papers of limited circulation published at places remote from Berkeley, have suddenly begun to manifest an extraordinary interest in the State University and to speak of its affairs with that assumption of personal intimacy for which the oracle of the county fair and the laureate of the prize pumpkin is justly famed They have suddenly conceived an admiration for the present regime at Berkeley more ardent even than the thanks tendered for the donation of a watermelon or the receipt of a cash subscription.

Even Scipio Craig of Redlands, the radiant red-haired Sandow of hyperbole—even "Skip" has got on speaking terms with higher education. His information about what has been done at Berkeley and precisely who did the work is compendious. This is perhaps natural, for "Skip" always did know everything in the world, and if there is anything he admires it is gall.

But why has the rural editor, variously and widely separated, paused in his pursuit of the delinquent subscriber and the oyster in the church sociable stew to interest himself in the distant and rarefied concerns of the State University? The community of interest is not apparent. We see no "plate ads" carrying reading notices as a guarantee of good faith, to explain this unwonted merital perturbation over things entirely removed from orders for jobwork and the cholera in hogs. Has some astute press agent been working the brethren? It looks like it. The jolts that ensue in passing from the vernacular of Red Dog to the smooth phrases of the class room indicate the transmutation of thought by typewriter and the suggestion of ideas by "passes for the family." The work of the press agent is not hidden under a bushel and it is no tallow dip either. It is not so far removed from three-sheet poster work that it cannot be distinguished from the ordinary brainy discourses on the cure of roup in poultry or alfalfa as a substitute for brains in hot weather.

But what's the graft? What brand of 'dope' is being used as grease for the country press? Is it plain soft soap or is it something still more lubricating? Whatever it is, it is moving truck. It is working the brethren like a double dose of liver pills. The constant receipt of wireless messages from Berkeley shows it and so do the other symptoms.

UNLOADED OFFICIAL VIGILANCE.

Following each Fourth of July there is a popular outcry against the sale of toy pistols. The occasion having passed and the damage done, there is great haste and ceremony to lock the stable door. By the time the next Fourth rolls around, however, the lessons of the past are forgotten and the good resolutions vowed in the first excess of sorrow and repentance dismissed.

Then the cry goes up that Young America must have his fling on the Glorious Fourth even if it burns down the town and kills him with lockjaw. There is the same brisk traffic in toy pistols, the same fusillade in the streets and afterward the usual sudden rise in the death rate, the mortality being especially large among boys of tender years.

This annual farce-tragedy keeps repeating itself year after year, all because people refuse to be sensible till they are sorry and straightway get foolish again as soon as they cease to be sorry. By the time the next spring's flowers shall be blooming above this year's victims of the toy pistol habit, the public mind will have lightly dismissed the cause of so many promising boys being laid low, and demand again that children be permitted to celebrate the national anniversary with murderous devices and a very riot of fire and noise.

Chicago is undergoing one of the post mortem spasms following the Fourth of July. Fifteen deaths from lockjaw in that city to the credit of the toy pistol give some idea of the deadly character of that implement of patriotism and infantile divertisement. Hundreds of other injuries, more or less serious, are, of course, not included in the morgue returns. The Common Council is now proceeding with a great flourish of trumpets to prohibit the sale of toy pistols. A copy of the ordinance should be pasted on the grave-stone of every child slain on the last Fourth. True, that will not assuage the grief of the parents, nor bring back the dead to life, but it will be a guarantee of good faith and be quite as effective in preventing further Herodic sacrifices on the altar of patriotism as the legal enforcement will be.

But why single out the toy pistol alone for malediction? Why prohibit sale of the more deadly real article to continue without hindrance? We have ordinances against carrying concealed weapons and discharging firearms within the city limits, yet on the nights of July 3d and 4th, a multitude of boys and men had pistols—real pistols—in their pockets and were discharging them recklessly in the crowds. A favorite patriotic device was firing a pistol right behind or just alongside a lady "just to see her jump." It not only made her jump but it made the policemen laugh. The Chicago ordinance is likely to prove quite as effective as those reposing in the dead letter statute book of Oakland. Now that the Fourth is over the toy pistol trade languishes of its own accord, but the sale of alleged toys and allow the the carrying of firearms by boys continues. It is only when Independence Day approaches that the toy pistol trade rages. If the ordinances forbidding persons to carry arms and discharge them within the city limits were sternly enforced, there would be no need to bother about the pistol traffic.

The turbulent mobs and riotous demonstrations in New England towns on the Fourth of July indicate that the "rowdy West" is not such a lawless place by comparison. In some places riotous bands defied the police and openly broke the law. In one town a policeman narrowly escaped lynching at the hands of a mob which was infuriated because one of its members had been arrested. In the same number of the Springfield Republican containing the account of these wanton violations of the law is a severe lecture directed to the South and West for being lawless and encouraging lynching. This is a case where distance does not lend enchantment. The tone of the Republican toward its domestic mobocrats is altogether different from the one it adopts in speaking of people who commit similar infractions of the law and the public peace in other sections of the country. Our Yankee brethren have not forgotten the old New England trick of belittling the beam in their own eye while magnifying the mote in the eye of their neighbors.

Senator Stewart of Nevada is giving forth symptoms of a desire to serve another term in the Senate. He is having spasms of financial colic in which he feels that the country is suffering for more money, which is probably premonitory to his reviving his ancient thesis that the palladium of our liberties is threatened unless the mints are opened to the free coinage of silver. The silver mania always becomes acute with him towards the close of his term. However, the silver issue appears to be too dead for Nevada even. Idaho, Montana, Utah and Colorado have repudiated it, and Nevada is not likely to cling longer to a hopeless delusion.

A Vermont clergyman says that since the adoption of local option in that State drunkenness has been on the increase. During the recent campaign it was conclusively proved that liquor was extensively sold and drunkenness to an alarming extent prevailed under the prohibtion regime. In spite of the stringent laws against the liquor traffic, the sale and consumption of liquor steadily increased. If the increase continues under local option laws, it is no more an evidence that local option is a failure in promoting temperance than prohobition was. It is coumulative evidence, however, that the appetite of Vermonters for liquor is growing. Under local option the State at least regulates the liquor traffic and derives a revenue from it. In the prohibition days the traffic was carried on in defiance of the law, often with the connivance of the officers, and gave much trouble for which it in no wise compensated for. If the clergyman quoted be right, the Green Mountain boys will drink whether the law prohibits the sale of liquor or licenses it.

Now that the directors of the State Agricultural Society have decided to turn the society's property over to the State in return for the money to pay its debts, Grove L. Johnson will probably lose his terrible, haunting fear that Governor Pardee will tote the race track down to Oakland and set up the State Fair here.

Bright's Disease

Not Rare, but Common—Kidney Disease Develops Into Bright's Disease the 8th to 10th Month; Then Incurable by All Known Means Except the New Fulton Compounds, Which Record 87 Per Cent. of Recoveries.

We have before us a little work on kidney diseases by Joseph F. Edwards, M. D., of Philadelphia, that contains some things that everyone ought to know. Many people imagine Bright's Disease is rare, when, in fact, it covers nearly the whole gamut of kidney diseases. This book sets out that the kidneys have but one function, viz: the elimination of the urea and waste products, and that all interferences with that function are called Bright's Disease. Dr. Edwards adds: "For the benefit of physicians who may read this book I will give a list of the cases which I attribute to Bright's Disease, viz:

Albumenuria.
Congestion of the Kidney.
Degeneration of the Kidney.
Fatty Degeneration of the Kidney.
Inflammation of the Kidney.
Uremia.
Disease of the Kidney."

Thus nearly all kidney disease being Bright's Disease, the serious question is, is it in the primary or secondary stage? After the eighth to tenth month it becomes chronic and is then incurable by all known means except the Fulton Compounds. There is often no notice of the trouble till it has fastened. If you have kidney disease in the first stage the Renal Compound will cure it quickly. If it is of more than 8 to 10 months standing it is the only thing known that will cure it. In proof that nothing else will we cite all medical works in evidence. The stockholders of the John J. Fulton Co., business and professional men of San Francisco, are the first in the world to announce the cure, presenting a definite percentage of recoveries (87 per cent) and giving out the lists of the cured, all among purely chronic, well-defined cases. If you have any kind of kidney trouble, there is only one thing to take. The Renal Compound for Bright's Disease is $1; for Diabetes, $1.50. John J. SERVANT HONORED IN DEATH.

A Rich Woman to Have Her Faithful Helper's Funeral at Her Own Home.

Margaret McCloskey was a good and faithful servant and her mistress, Mrs. William Arnold, widow of the son of the founder of Arnold, Constable & Co., and the family will see her laid away in her last resting place, the Arnold vault in Greenwood cemetery. She served the Arnolds, father and son, for forty-five years.

Miss McCloskey entered the service of Richard Arnold at 18 years, her sister being his housekeeper at No. 1 East Eighty-Third street. When her master died, he would have no one else in the sick room and Margaret would not give way even to a trained nurse.

Then she left her home of so many years for the house of the son, William, whom she had nursed and directed from infancy. Mrs. William Arnold made more of a companion of Margaret than anything else, and wherever she went in her travels in this country or abroad the faithful servant attended her.

Five years ago when William Arnold died she was at his bedside to close his eyes as she had done for his father.

Mrs. Arnold insisted repeatedly that Margaret to go on a long vacation, but the servant would not listen to her. Lately her health began to fail, and, despite her protest, help was employed for her.

When Mrs. Arnold opened her summer home this year at Babylon, L. I., she asked Margaret to accompany her and take a good rest, but faithful to the last, she said she had to remain behind to see that the city house was looked after properly. Her lifting of a heavy box Sunday brought on an illness that caused apoplexy and death.—New York Evening World.

Lace Collar Novelties

Some advance ideas of what the Fall offers in Lace Collars have been rushed to us; White, butter and Arabian shades; round collars begin at 50c; the most elaborate, $4.50.

New stole-end lace collars $2.00 to $8.75.

THE THIRD WEEK OF OUR SPECIAL JULY SELLING

promises to be more than usually interesting and profitable to you. We have done our part to make it so, and the intelligence of the buying public can be safely relied on, to do the rest. In some instances perhaps, the July reductions do not appear so very great, but this is because such lines were originally priced very close to cost or because they were first price-cut prior to July.

This Is the Very Best Waist Buying Time

Summer has only just begun to do its duty—there are three months of shirt-waist-wearing weather ahead of us. You'll have plenty of opportunity to wear out a waist or two before you need warmer clothing. Just now—the heart of July—you can buy two for little more than the price of one. We've said considerable lately about Silk Shirt Waist reductions—let us refresh your memory about our July cuts in new Colored and White Cotton Waists. Here are a few of the figures.

Colored Waists

45c colored waists reduced to 29c
90c colored waists reduced to 59c
$1.35 colored waists reduced to 95c
$2.25 colored Waists reduced to $1.50

75c white lawn waists reduced to 59c
$1.50 white lawn waists reduced to 95c
$2.50 white lawn waists reduced to $1.50

Shirt Waist Suits That Will Wash

There are a goodly number of these picnic and camping costumes—light grounds with dots or figures.

$2.25 and $2.50 suits reduced to $1.50
$3.25 and $3.75 suits reduced to $2.50

Around the Remnant Counter

there is always an expectant group. There are so many real snaps in remnants of summer dress goods that there can hardly be any expectation unfulfilled.

Remnants of Oxfords—plaids, ginghams, lawns dimities, etc., at ABOUT HALF PRICE.

Kimonas and Dressing Sacques

These dainty, useful, comfortable garments have all been given a liberal July treatment.

$1.00 Kimonos reduced to 75c
$1.65 Kimonos reduced to $1.25

CRACKED PLATE IN BOILER.

EXPERTS DISCOVER CAUSE OF ENGINE EXPLOSION IN ALAMEDA.

The torn plates which were wrenched from Engine No. 2088 which exploded on Central avenue, Alameda, last Wednesday morning, were critically examined this morning at the round house at Alameda Point where the engine has been stationed since the disaster, awaiting investigation into the cause of the accident by the officers of the Southern Pacific Railroad Company.

On one of the plates was found a crack which was visible only on the under side or what had been the interior of the boiler. Experts say that the crack has been there since the plate was rolled. This crack, it is said, was unquestionably the cause of the explosion. The plate bore the name and brand of a well-known steel manufacturing firm the output of whose works is recognized as good as the best produced in this country.

CUBA WILL BE REPRESENTED.

NEW YORK, July 17.—The House has passed the bill conceding a credit of $80,000 for representation at the Louisian Purchase Exposition, says a Tribune dispatch from Havana. The bill now goes to President Palma, who will sign it immediately. The Senate passed a bill admitting free of duty paper for newspapers when it is imported direct by the consumer.

NEW GOLD FIELDS DISCOVERED.

SEATTLE, Wash., July 17.—A special to the Post-Intelligencer from Dawson, says that 150 men have left there by steamer on a big stampede to the new gold fields 100 miles west of White Horse. Governor Congdon has sent Mining Recorder Burwash to the seat of the new find and the latter will record claims on the spot. Mounted policemen have also been sent to the new fields. White Horse is said to be almost deserted in consequence of the stampede.

WILL TAKE CARE OF PARK.

GIFT TO THE CITY IS ACCEPTED BY THE COUNCILMEN.

The Park and Boulevard Committee of the City Council last night recommended that the park tended to the city by Edson Adams John Adams and Mrs. Julia Prather, be accepted, and a resolution of thanks be extended to the donors. The motion of acceptance was made by Councilman Cuvellier, seconded by Howard.

Councilman Howard then offered a resolution declaring that the park be known as Adams' Park.

In some informal remarks Mr. Howard stated that he did not believe all was being made out of the city's park possible. He was in favor of getting better men, even at increased wages.

"I believe," he said, "in employing good men. It is possible that we would have to lesser the number of men employed. But what I believe is needed is expert gardeners."

Councilman Howard then asked what the Council intended to do with Adams' Park now that it had been accepted.

Councilman Baccus stated that he supposed that a special man would have to be stationed there.

Mr. Howard declared that Adams had told him that he was unwilling to hold his gardener at the park longer than today, when he would expect the Council to make arrangement for the care of the gift.

On the motion of Councilman Pendleton, the Board of Public Works was authorized to employ a head gardener to have general supervision of the park at a salary of $90 per month.

EXTRA CLERKS AT THE CITY HALL.

After an executive session lasting nearly two hours the Finance Committee of the City Council last night recommended that the City Auditor be allowed $1,812.61 to employ extra clerks to complete the assessment rolls for the city. Each clerk is to receive a salary of $80 per month.

Councilman Howard voted against allowing the clerks a salary of $100 per month, as he expressed himself as being satisfied that $80 would be sufficient.

The same committee recommended that the Tax Collector's office be allowed to pay the clerks in that department $100.

A resolution was recommended by the Finance Committee that the Auditor, acting as Sanitary Assessor of Golden Gate and Adeline districts, be authorized to employ extra help on the assessment rolls at a compensation of $80 per month.

WANT INSPECTOR OF STREETS.

The Ordinance and Judiciary Committee of the City Council last night recommended that the office of an Inspector of Streets be created for the period of four months; the official to receive a salary of $100 a month.

GOVERNMENT GETS MONEY.

PUEBLO, Colo., July 17.—By the compromise of the largest land contest ever in the United States and Office in the city, the United State Government will be paid many thousands of dollars for several thousands acres of valuable coal land in Las Animas county that had been entered as timber and stone locations and under other acts.

Although nominally the contests were between private parties, it was in reality a fight between the Colorado Fuel and Iron Company and the Victoria Coal Company on one side and the Utah Fuel and Iron Company on the other. All proceedings that have been instituted have been discontinued and representatives of both corporations are buying from the Government at coal land rates, $20 per acre. Most of the land in question had been entered at $2.50 per acre.

PILLAGED BY KURDS.

CONSTANTINOPLE, July 17.—News has reached here that the Armenians' monastery at Surpagol, New Erzinggan, Turkish Armenia, has been pillaged by Kurds. A number of the monks, the advices say, were seriously injured and all portable property was carried off by the robbers. The affair created a panic in the district, and a similar panic prevails in the district of Sassun, the scene of the previous massacre, where another one is feared. Three villages already have been abandoned by their inhabitants.

ODELL IN PORTLAND.

PORTLAND, Ore., July 17.—Governor Odell of New York, General F. V. Greene, ex-Senator T. E. Ellsworth of New York arrived in Portland last night. They will go up the Columbia river to The Dalles today and return to Portland tomorrow, leaving to-morrow night for San Francisco by rail.

FOOD IN SORROW.

How to Lighten the Burden.

"Who feeds his body starves his grief." There may be heart wounds difficult to heal but a well fed healthy body and mind softens the trouble greatly. A lady of Homer, Ill., says: "About a year ago my dear little four-year-old boy met with an accident, which resulted in his death, and the anxiety and grief and worry that I experienced while watching his suffering and death resulted in my having nervous prostration. could neither eat nor sleep and I was soon a total, miserable wreck, sick enough to die.

"Then I was put on Grape-Nuts food taking a half teaspoonful at a meal; the amount was gradually increased until I could eat about three teaspoonfuls at a time. I began to improve almost immediately, gaining strength steadily day by day, until now I have entirely regained health and am well throughout.

"Of course my sorrow will never entirely leave me, although they say time heals all wounds, but I am glad to be strong again mentally and physically for I can bear my burden I feel confident that if I had not used Grape-Nuts, I would never have been well again." Name given by Postum Co., Battle Creek, Mich.

TEAMSTERS ARE IN HARMONY.

CARMEN WILL SOON BE GIVEN A PROBLEM TO SOLVE.

The material teamsters held a meeting last night, President Katzenburg presiding. Three members were initiated and fifteen applications were received to be acted upon. A communication from the East was received concerning the password and also the international convention to be held at Niagara Falls July 20. The local union will be represented at the convention by William Greer, business agent. During his absence H. A. Longfellow will temporarily assume his duties.

The usual report on expenditures and assets was received last night. The expenditures for the past month have been $103, the larger part of which was needed to send Greer East and the assets were $35.

In speaking of the affairs of the union last night H. A. Longfellow said:

"Our union is having a slight disagreement with one of the local transfer companies. The matter does not concern the employment, however, of "scab" teamsters and will no doubt be satisfactorily and easily settled. This branch of the teamsters' union has every reason to feel satisfied with present conditions."

THE CARMEN.

What is the Carmens' Union going to do in the event of the laborers asking, or rather, by the terms of the American Federation of Labor, demanding their support or sympathy during the laborers' present strike? The solution of this question is only a matter of another week and there promises to be some interesting developments. At their next meeting the Laborers' Union will formally make known their wishes to their brother workers and then it will be up to the carmen to act. According to some of those interested in the present strike the Transit Company has certain contracts with the city for hauling material over certain streets, but they assert that this is no reason why the carmen should haul the material, as the company has been declared "unfair."

It is known that the carmen spent several hours Wednesday night revising their constitution and by-laws, but whether or not such change would affect their obligations to the laborers in the present crisis can only be shown by their reception of the laborers' demands.

CARPENTERS ELECT OFFICERS.

There has been organized in this city a branch of the Amalgamated Carpenters and Joiners, which will be affiliated with the Building Trades Council. This action has resulted from the battle between the Building Trades Council and the District Council of Carpenters and Joiners of America, and the reason for it is because the District Council has declared it will accept material from planing mills declared "unfair" by the Building Trades Council.

The Amalgamated Carpenters' and Joiners' Union has elected the following officers:

President, W. Jess; secretary, W. H. Winston; treasurer, J. D. Davis; referee, J. M. Atkins auditors, T. Burn, John Hood, T. M. Latimer; branch committee, E. H. Boyce, J. M. Atkins, J. W. Tuck, J. Smith, J. Wykhoff; trustees, T. Buchenery, J. M. Atkins, L. Boutin, J. W. Tuck, F. Bender; delegates to Building Trades Council, T. M. Latimer, J. M. Atkins, E. H. Boyce; business agent, T. M. Latimer.

Sixty-three members have signed the roll and there are thirty-seven applications pending.

Organizers of the branch say the situation in the building trades will be clarified by the advent of this organization. Hitherto there has been a clash between the Building Trades Council and the brotherhood carpenters, the latter demanding that their label should be used. The amalgamated carpenters, in affiliating with the Building Trades Council, give the last named central body a leverage, as heretofore the brotherhood carpenters were not represented in the Building Trades Council.

OAKLAND'S GREAT EVENING NEWSPAPER.

THE TRIBUNE, Oakland's greatest newspaper, has issued a forty-two page booklet on Oakland and the Oakland TRIBUNE. Some of the pages are taken up with complimentary notices, with leading merchants on what they think of the Oakland TRIBUNE. It contains many photographs of the leading members of the force, among which are W. E. Dargie, president; J. E. Baker, editor, formerly well known in this city when with the Expositor; M. D. L. Hadley, manager of foreign advertising, and William L. Price, manager of local advertising, and formerly advertising manager of the Los Angeles Herald. The publication is a credit to Oakland and shows that THE TRIBUNE is enterprising and up-to-date.—Fresno Democrat.

BERKELEY AND THE STATE UNIVERSITY

STUDIES THE ABORIGINAL LANGUAGES.

Interesting Experiences Among the Indian Tribes of the Pacific Slope.

BERKELEY, July 17.—With a wealth of ethnological material gathered among the scattered Indian tribes of Northern California Pliny E. Goddard, instructor in anthropology at the University of California, has just returned from his annual trip taken through the State under the auspices of the department at Berkeley, which is making an exhaustive study of aboriginal races on the Coast.

The work is supported by Mrs. Phoebe A. Hearst, and the material gathered will be used in giving instruction concerning the native California Indians, and in adding to the collections for the University's big museum.

Goddard spent his time this year in Del Norte county at Preston City and on Smith river. He also visited the Siletz reservation in Oregon. His investigations concerned the Tolowa Indians principally. They are often classed as "Diggers," but are really part of the great Athabapascan stock, whose remnants are scattered over the whole Pacific Coast from Alaska to Mexico. The Tolowas are fast dying out.

They may linger but, from present indications, will only exist through mixture with the whites. Therefore, it is of great importance that work with them be carried on with all possible rapidity. The studies which the Berkeley scientists are now making concern the dialects, myths, songs and ceremonies which are distinctive in each of these isolated tribes.

In collecting this data Goddard has resorted to some interesting devices, and has obtained some remarkable results.

Just as European scholars have compared and made deductions from the great India-European languages, so American students are striving to establish important and significant relationships in the many Indian tongues of the far scattered Athabapascans. Goddard has achieved notable success with the phonograph in recording the baffling dialects that he has discovered. He has induced Indians, who know their tribal songs, to sing them into his instrument. In this way he has secured dance songs, medicine songs, gambling songs and hunting songs, but all his persuasive powers have failed in getting them to give him their love songs. He encountered at first superstitious opposition from the Indians, who imagined that by singing into his magical instrument they would send their souls into it also.

As Indian myths have a comparative relation to the language, the traditions of the various tribes have been carefully collected. The main idea has been to study the creation of physical nature and the reasons for the different characteristics of animals. Every tribe seems to have its legend of a flood, usually a great tidal wave, that destroyed everything.

Goddard tried to collect musical instruments, but he found little to gather except fragments. He collected some historical texts, but these were almost entirely from the old people—the younger ones not having kept up the traditions. With the aid of an interpreter and with special Indians brought from the several tribes, Goddard will spend a large part of the autumn in correcting his texts and records and putting them into permanent form.

OF INTEREST TO SOCIETY IN BERKELEY

BERKELEY, July 17.—Dr. R. O. Dresser, a graduate of the Berkeley High School and also a graduate in medicine of the State University, will shortly leave for Paso Robles, where he will take up the practice of Dr. McLennan, a prominent physician of that place, who will spend a vacation in the Eastern States.

Professor E. J. Wickson of the agricultural department of the University of California, departed yesterday morning for Watsonville, where he will lecture under the auspices of the Y. M. C. A. on "The Apple."

William C. Lathan of San Francisco has made his home at 2208 Mary street.

Wight Lassell will return from Martinez during the latter part of this month.

Miss Amanda Meinheit has departed for Glen Ellen, where she will spend a short vacation.

B. E. Underwood left yesterday for Mendocino county to spend a few weeks hunting deer.

Mrs. Moon and family of 2412 South Atherton street have returned from their vacation in Monterey county.

Mrs. Davenport and Miss Eleanor Davenport will sail August 8 for the Orient, to be gone six months.

Judge Wagner, a former resident of Berkeley, but now a rancher of Glen Ellen, is visiting friends in this city.

Raymond Pond and William E. Rathke have departed for Lake Tahoe, where they will spend their vacation.

Misses Mae and Bertha Dale of Fifth street are visiting the Misses Glemans of McAllister street, San Francisco.

Curtis Wright, superintendent of dining cars for the Southern Pacific Company, returned yesterday morning from Lake Tahoe, where he spent his vacation. Although the fish are exceedingly scarce in that region, Mr. Wright made a catch of 48 rainbow trout in a day, which stands a record thus far this season at Tahoe. He says that the resorts at Tahoe are so crowded that many of them are unable to accommodate any more guests.

Martni Center, an instructor in German at the university, has just returned to Berkeley, after an outing in the Yosemite Valley.

Mrs. B. H. Fisher of Mill Valley, wife of the superintendent of the North Shore Railway, visited relatives in Berkeley recently.

Dr. Roy I. Woolsey has returned from Cazadero, where he spent his vacation

DR. WHEELER WILL NOT OCCUPY $25,000 HOME.

COLLEGE PRESIDENT'S HOME AT BERKELEY.

BERKELEY, July 17.—It has been authoritatively announced that the newly-established department of architecture will not move into the president's new house, as was planned at the close of the last college year. It is not probable that anything will be done with the structure this year.

The house was erected by the Regents at a cost of $25,000, and is on a high hill on Hearst avenue, just at the edge of the campus, commanding a magnificent view of the whole country.

When the building was nearly finished, Dr. Wheeler announced that he would not move into the executive mansion, unless his salary of $10,000 per year was increased, as the expenses incident to the maintenance of such a household were too great. The interior finishing, which was half finished was left to await further developments, and the windows of the noble structure were boarded up.

Since last year, several schemes to use the handsome and costly building have been proposed. It was thought to use the house as a law department. All plans have fallen through, and it is likely that the costly building will remain the on a crowded campus another year.

LEAVES SUMMER SCHOOL.

PROFESSOR ANGELL SUFFERS BREAK DOWN AND DEPARTS FOR CHICAGO.

BERKELEY, July 17.—James Rowland Angell, associate professor of experimental physiology at the University of Chicago, who has been giving instructions in the department of philosophy in the University of California Summer School, left last evening for his home in Chicago. He was compelled to give up his work here on account of a severe attack of nervous prostration.

Professor Angell came to Berkeley immediately after the close of his regular term's work at Chicago and began at once on his course in psychology here.

Professor Angell began to fail in health several weeks ago and grew steadily worse until the final breakdown.

His classes will be taken for the remainder of the summer session by George M. Stratton, associate professor of psychology and director of the psychological laboratory at the University of California.

with his sister, Mrs. Charles A. Slack of San Francisco.

Professor W. E. Magee, head of the physical culture department of the university, returned yesterday from an extended vacation to the Yosemite Valley.

Mrs. C. C. Coleman of Ninth street departed yesterday for British Columbia, to visit Dr. Coleman, who is employed by the British Columbia Powder Company at Vancouver.

FORMS AN ATHLETIC CLUB FOR YOUNG MEN.

BERKELEY, July 17.—For the purpose of creating a systematic recreation for the boys of St. Mark's Sunday School and all other youths who may be interested Rev. George E. Swan, Henry Reimann and Gusdon Bradley have organized a new athletic club.

William Smyth, formerly physical director of the Olympic Club, Seventh Regiment of New York, Columbia College and the University Athletic Club of New York has been secured as director of practical work.

The club has many plans for cross country runs, baseball nines, football elevens, etc. and will be a Y. M. C. A. to the young fellows. A circulating library is in the minds of the promoters.

SEED SOWN AT UNIVERSITY BLOOMS IN ALASKA.

Young Blood and Training of California Makes Itself Felt In Frozen North.

BERKELEY, July 17.—That the University of California is upholding itself in every part of the world is brought forcibly to mind by a letter received from Nome, in the frozen north, concerning the progress of California graduates.

E. Coke Hill, '90, has just been appointed Assistant District Attorney. Frank H. Bartlett, '97, is principal of the High School, and Robert T. Chestnut, '97, is Assessor and City Clerk. The letter comes from Chestnut and gives a vivid picture of conditions in that country.

The influence of University trained men has been felt in all branches of municipal activities at Nome, to their advancement. The young men from the State University are particularly interested in the educational advance of that country.

Even the influence of the pretty co-ed has been carried to the country where men's hands are rough and their hearts big. Miss Cora B. Young, '01, is principal of the grammar school at Nome.

For many years the schools of Alaska were under the management of the Bureau of Education and appropriations were made each year by Congress for their support. In certain localities the Bureau of Education had direct control of the schools, employing teachers, providing school houses, etc.; in others the different church denominations received a pro rata amount from the money appropriated by Congress, which practically gave them control of their own schools.

On May 3, 1900, Congress provided a code of laws for Alaska, by which a most liberal provision was made for educational purposes. It provided that every branch of business should pay a tax, varying from $10 to $1,500 and $2,000 a year; the latter sums being fixed for saloons and wholesale liquor dealers respectively, in all incorporated towns. Fifty per cent of all the money thus collected from taxes in each town was to be turned into the school fund after a municipal organization had been effected. This law provided for a common council of seven members and a school board of three directors.

The large sum collected by the Federal Government for licenses made it patent that more money would be available for school purposes than would be needed. This fact caused Congress in 1901 to pass an amendment to the code which provided that any surplus remaining in the school fund after defraying all necessary expenses, could be, by order of the District Court, converted into the city treasury for municipal purposes.

This and other loose points led to a quarrel between the school board and the common council of Nome concerning the control of the expenditure. The contention over the management of the school fund continued for a period of six months, until November 4, 1901, when the United States District Court for the district of Alaska, Second Division, rendered a decision in favor of the school board.

Steps were at once taken by the alumni of California for the prosecution of the work. A High School building was erected and an excellent school system was inaugurated. The young men are actively engaged in trying to get the law changed so as to render further trouble impossible.

The work accomplished by these young men has been wonderful. Once a week a literary society holds regular meetings in the High School building, the interest in the work of the young people being so great that the hall would not hold the people.

A night school is in full swing at Nome. A series of lectures was given last winter upon geology, mineralogy and assaying. The interest in these lectures was so great that there will be courses offered in these branches next year. Because of the length of the winters in Alaska particular attention to the instruction is given at that season of the year.

OVER THEIR BACK FENCE.

BERKELEY, July 17.—A neighborly row saw its partial culmination yesterday morning when Mrs. Katherine Yost was arrested upon a charge of disturbing the peace upon a warrant sworn to by John R. Fairchild. The warring neighbors both reside on Everson street, and the arrest yesterday morning was the culmination of a long-standing feud.

Mrs. Yost's case will be heard by Judge Edgar on the 31st.

RIESCO TO GO TO EUROPE.

NEW YORK, July 17.—It is reported in political circles that President Riesco intends to take a trip to Europe, in order to leave Pedro Montt at the head of affairs as vice-president, cables the Herald's Valparaiso, Chile, correspondent.

President Riesco's situation is regarded as most difficult. His electors are a minority in Congress, the majority in that body being partisans of Senor Montt, the defeated candidate for President.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

WANT VETERANS TO COME.

HAYWARDS TRUSTEES TO CONFER WITH OAKLAND BOARD OF TRADE.

HAYWARDS, July 17.—The Board of Trustees, at Wednesday's meeting, transacted the smallest amount of public business that they have done in some time. The only thing done was the appointing of a committee consisting of Trustees Wilbert, Graham and Jones. These gentlemen were given instructions to go to Oakland, and there to confer with the Oakland Board of Trade in an endeavor to have the delegates to the G. A. R. convention, which meets next month in San Francisco, pay a visit to Haywards, on "Oakland Day."

The Trustees believe that Haywards is the prettiest spot in Alameda County, and that a trip there would add greatly to the enjoyment of the veterans.

F. F. Allen was appointed library trustee to succeed himself, and Thomas B. Russell to succeed G. W. Tome, whose term has expired.

FUNERAL OF A. AUGUSTINE.

The funeral of Antone Augustine, age 36, of D. street, was held this morning at ten o'clock from All Saints' church, Rev. Father John L. Lally officiating. Interment was in the Catholic Cemetery.

The deceased died at 9 o'clock Wednesday evening, of tuberculosis. He had only been seriously ill for two weeks.

BURNED WITH POWDER.

M. Gudico, a 12-year-old Italian boy was painfully burned yesterday, while playing with some gun powder. He lit some loose powder on the ground in front of him. He was stooping over, and the flame burned both his hands, his face, and singed his hair. The lad was taken into Dr. A. J. Dean's drug store, where his burns were attended to. It was found that, although quite painful, his injuries were not serious.

Try it for Heartburn, Flatulency, Indigestion, Dyspepsia or Malaria. It positively cures.

CURRENT TURNED ON NOW.

SAN LEANDRO IS THE BEST LIGHTED TOWN IN THE STATE.

SAN LEANDRO, July 17.—The current for the new system of street lights was turned on Wednesday evening for the first time and everything found to be perfectly satisfactory. The lamps are well distributed lighting up the town almost perfectly. There are 34 General Electric enclosed arc lamps, of the latest pattern, 66 amperes, with an average voltage of 110. J. W. Burge, the construction foreman, got all the lamps in order for lighting without having to make a single test. A week ago last Monday the trustees ordered the Suburban company to have the system going by July 15. The order was complied with without having to try out the current at all.

Two lamps in the business section of the town, around the plaza will be kept burning all the time. The rest will be lighted on a moonlight schedule, going out at 1:30 a. m. The current will be turned on one hour after sunset, and the lights extinguished one hour after moon-rise. It will be turned on again one hour before moon-set, and off at 1:30 in the morning. On cloudy nights even if it is moonlight, according to the almanac, the lights will be on until 1:30 a. m.

San Leandro is now the best lighted town for its size in California. It has its rival, Haywards, beaten by 11 lamps.

WOMEN QUARREL.

Yesterday morning on the 12 o'clock car from Oakland, a woman was sitting with a little boy, reading to him from Louise M. Abbott's "Little Women." In front of them was another woman, also trying to read. She said the other read so loud, that it disturbed her so she could not read to herself. The two had a few words, and might have come to blows, but conductor Allen interfered, and managed, with great tact, to settle the trouble amicably.

PERSONAL.

J. Page, of San Francisco, was in San Leandro on business Thursday.

Charles Province, of Elmhurst, was in town yesterday.

THINKS QUARREL WITH WIFE DEMENTED HIM

BERKELEY, July 17.—Under strained circumstances, Harry Brown, a dairyman at Fifty-ninth and Adeline streets, has disappeared and not been heard from since Sunday, which leads C. Conzandemic, his nephew, to believe that he is demented.

Two weeks ago, Mrs. Brown had a quarrel with her husband and left him. Since that time he has suffered from hallucinations, fearing his enemies were attacking him. His disappearance under these circumstances led his nephew to inform the police of his disappearance.

BOUNDARY LINES CONFLICT.

FRUITVALE ANNEXATION AND INCORPORATION DISTRICTS OVERLAP.

FRUITVALE, July 17.—There is somewhat of a discrepancy in regard to the boundaries of the proposed annexation and incorporation districts in lower Fruitvale. According to the petitions, the Derby tract, situated at the southwest corner of Fruitvale avenue and East Fourteenth street, is included in both districts. The boundary lines are alike from the foothills down to East Fourteenth street. They follow the Sausal Creek. Where the creek crosses this street, begins the difficulty. The annexation petition has a boundary line running from the creek east along the center line of Fourteenth street to Fruitvale avenue, thence south to the Southern Pacific (or Central Pacific, according to the petition) right of way, thence west to Twenty-seventh avenue, the city limits of Oakland.

The incorporation petition reads, "from the point where Sausal Creek crosses East Fourteenth street, the boundary shall be a line 600 feet west of, and running parallel to Fruitvale avenue, as far as the tidal canal." The Derby tract, which is thus included in both territories, is an unimproved plot of ground, presenting quite a vivid contrast to the hustling business section across the avenue.

There is another section of land, lying between the canal and the Southern Pacific tracks, that has been left out in the cold by both the incorporation and annexation people. It is bounded on the east by Derby street (which is 600 feet west of Fruitvale avenue), on the south by the tidal canal, on the west by Park street, and on the north by the Southern Pacific right of way.

The section contains between 60 and 70 houses with a population of something over 200. It adjoins both districts and Oakland, yet none of the three seem anxious to take it in.

TAKING CENSUS.

R. Turnbull has begun the work of taking the census of Fruitvale, according to the orders of the Board of Supervisors. The members wish to ascertain the population of the district, before they act upon the petition for incorporation.

PERSONAL.

Mrs. A. Finkenstedt, of upper Fruitvale, is expected home Monday from her vacation spent at Sisson's Tavern, in Sissons, Shasta county.

D. M. Meagerty and son, David, are spending their vacation at Wall Springs.

Edna Bennett, of East Seventeenth street, will spend Sunday in San Francisco.

Little Frankie Armstrong, of Wheeler avenue, is seriously ill with pneumonia. Dr. L. B. Smith is attending him.

BERG WON CONTEST.

WHATCOM, Wash., July 17.—John Berg of Whatcom last night defeated Emil Klank of Chicago in a wrestling match, defending his claim to the championship of the Pacific Coast.

A VACATION FOR EMPLOYES.

FIFTY ELMHURST CARMEN GET A WEEK'S VACATION WITH FULL PAY.

ELMHURST, July 17.—The management of the Oakland Transit Company has just announced a week's vacation with full pay for all conductors and motormen who have had a clear record for the past six months. This means no accidents or trouble since January 15. The company, on February 14 last, notified the men that vacations would be granted to all faithful employes, so each has been working hard to keep a clear record. Nearly every motorman and conductor is on the list of the 320 employes of the company that will receive vacations.

The following is the list of the local men with the dates of their vacation. The dates are inclusive:

Motormen—P. Barbin, August 23 to 29; G. M. Graves, August 16 to 22; J. Dufton, July 19 to 25; G. B. McHale, July 26 to August 1; H. V. Park, August 2 to 8; S. F. Endicott, August 2 to 8; J. A. Kane, August 9 to 15; B. Cunningham, August 16 to 22; E. Rose, August 30 to September 5; J. T. Sill, August 30 to September 5; W. Holmes, September 5 to 11; P. Leonard, September 12 to 18; F. E. Hoffman, September 12 to 18; A. Bronder, September 19 to 25; H. Pollard, September 26 to October 2; J. R. Wickstrom, September 26 to October 2; S. R. Cooper, October 3 to 9.

Conductors: A. Lamoraux, July 19 to 25; F. E. Sawyer, July 26 to August 1; M. E. Allen, August 2 to 8; C. W. Triplett, August 9 to 15; Harry B. Arlett, August 9 to 15; H. P. Hoyt, August 16 to 22; A. S. Anderson, August 23 to 29; S. H. Mess, August 23 to 29; E. G. Maxwell, August 30 to September 5; F. Straub, September 5 to 11; A. La Cuna, September 5 to 11; J. H. Clark, September 12 to 18; W. Brewster, September 12 to 18; F. Olcese, September 19 to 25; John L. Contat, September 19 to 25; F. Batchelder, September 26 to October 2; W. E. Jackson, October 3 to 9; E. Many, October 3 to 9; R. J. Burrows, October 10 to 16; J. Berry, October 10 to 16; C. E. Ross, October 10 to 16.

California Railway: C. Yerrick, July 19 to 25; C. W. Carew, July 26 to August 1.

The total amounts to 60 men who will get a week's vacation. Less than a dozen were left out of the list, which is a very flattering record for the motormen and conductors of the Haywards division.

JAP GETS BURNED.

Fire started around the oil burner of the Japanese nursery on Moss avenue Wednesday afternoon about 5 o'clock. Some of the oil leaked out and caught fire. The men thought the boiler would blow up and began shoveling dirt into the furnace. One of the foremen had his hands badly burned in attempting to extinguish the flames.

PERSONAL.

Charles Province returned yesterday from a short business trip to San Francisco.

H. Murphy, of Sacramento, formerly of this place, has returned for a brief visit with old friends.

It's curious how affection and confection are made to harmonize by the summer girl.

VALUABLE PURSE LOST.

MRS. SLATER OF GOLDEN GATE IS THE LOSER—TEDDY IN TROUBLE.

GOLDEN GATE, July 17. — Mrs. V. M. Slater of 1020 Fifty-ninth street, is mourning the disappearance of a purse and its contents, which she thinks she lost either on the train or as she was getting off it at this station. The purse itself was a silver chatelaine, valued at $30, and contained coin to the value of $20, and the combined value is tending largely to make the lady's thoughts unpleasant ones.

TEDDY IN TROUBLE.

T. C. Landregan, the real estate man, has a dog of low degree, named Teddy, and yet one that he thinks a great deal of, and which, beside, is a general favorite in the region where Mr. Landregan does business. Notwithstanding his love for the canine, the owner failed to provide him with the nice little label the city ordinance requires shall be worn if the proprietor does not want to part company with the dog, and which requires the expenditure of two big American dollars "at the captain's office" annually.

Yesterday the Poundman's emissaries visited this suburb, and with malice aforethought and a scoop net they gathered Teddy up and hauled him away, despite the protestations of numerous admirers. This morning Mr. Landregan went down and "bailed him out," and hereafter the dog will carry his passport with him.

ARE MEN LIKE SHEEP?

A Query Suggested by the Great Success of Dissolvine.

Ever since before we were knee-high to a grasshopper we have heard the story of how a million sheep were induced to leave an arid field and pass through a gate into a meadow covered with delicate, green fodder. You remember that as soon as one sheep was induced to go through, the rest saw him enjoying himself and the 999,999 at once followed.

This memory was revived by the great popularity that has followed Dissolvine. It is the most agreeable non-painless, non-detectable remedies for those life-wasting diseases, gleet and gonorrhea and all that goes with them. It cures and heals at the same time and a single treatment applied on retiring will allay pain, will insure good rest and will work wonders meantime. One visit to a specialist, with all its publicity, but with no medicine costs as much as a package of Dissolvine containing twenty treatments. The reasonableness of the price places Dissolvine within the reach of all.

The demand for it is so great that each happy man who has been benefitted by it, must be praising the good word around, for on no other basis could its sale have been so great.

This most satisfactory of all medicines can only be obtained in this county at Osgood's, Seventh and Broadway, Oakland.

CONFERENCE OVER WAGES.

UNIONS MEET WITH JUDSON OFFICIALS AT EMERYVILLE.

EMERYVILLE, July 17.—Pacific Coast Lodge No. 1, Amalgamated Association of Iron, Steel and Tin Workers will hold its regular meeting at 2 p. m. Saturday.

SCHEDULE COMMITTEE.

The Schedule Committee of the Association, composed of Daniel P. Sullivan, Ed Coughlin and Phil De Haven, will visit President Bavine, of the Judson Company again to-day in reference to the new wage scale. This scale of wages, which is to be in effect for a year, was presented the company July 1st. Two conferences have already been held, and it is thought that signatures will be affixed at this meeting.

WHAT NEXT?

"Judge" Allen, assisted by Gus Nelson, is papering and whitewashing his place of business. As he is doing his own work, the boys are asking what is to happen next.

HACKMEN'S PICNIC.

The hackmen's union held its annual picnic at Shell Mound yesterday.

EXPECTED HOME.

William Hastings of Hastings Hotel, who has been making an extensive trip through the East, is expected home daily.

ANOTHER PAY DAY.

The men at the subway are being made happy today by the distribution of coin in remuneration for their services.

ANOTHER ARRIVAL.

Dicke Leggett, a popular horseman of this city, stepped off the train at Emery yesterday, and received warm welcome from his many friends. He reports a successful trip to Seattle.

EARNED HIS VACATION.

Some time ago the street railroad company advised its car employes that those who should run six months without having accident overtake them, would get a week's vacation with pay. The first man to whom the benefits of this order will apply to Louis Belrose, the careful, genial, and well liked motorman of the car that connects this little city with the San Pablo avenue line, and Sunday morning he will begin to enjoy himself at the company's expense, and for a whole week can sleep as late in the mornings as he wants to without fear of losing his run. Mr. Belrose is one of the oldest employes of the street car service in this part of the country, with a record of thirty-one consecutive years. He began when horse power was the only motive power, and during his long service has earned himself an enviable reputation for carefulness and reliability.

WITNESS SEATING OF OFFICERS.

LARGE ATTENDANCE AT JOINT INSTALLATION OF REBEKAHS AND ODD FELLOWS.

PLEASANTON, July 17.—Odd Fellows' Hall was filled with Odd Fellows, Rebekahs and invited friends on Wednesday evening to witness the joint installation of the two orders.

The District Deputy Grand President, Mrs. Lillian Stivers, of Irvington, with Miss Kate Behrens as grand marshal, and Miss L. Harris, grand warden; Miss Ida Harms, grand secretary, installed the following officers of Pleasanton Rebekah Lodge: N. G., Miss Mable Gilson; V. G., Mrs. Laura Weed; recording secretary, Miss Mary Cope; warden, Mrs. H. Sinclair; conductor, Miss Minnie Boyce; R. S. N. G., Hugh Sinclair; L. S. N. G., Mrs. Fred Adams; R. S. V. G., Miss Ida Harms; L. S. V. G., Mrs. Bertha Cope; chaplain, Miss Kate Behrns; I. G., F. Kruse; O. G., J. R. Palmer.

District Deputy Grand Master C. P. Nauert of Alvarado, assisted by William McDonald of Livermore as grand marshal, installed the following officers of Pleasanton Odd Fellows' Lodge:

N. G., F. M. Kruse; V. G., W. S. Lawrence; recording secretary, J. H. Neal; financial secretary, H. A. Sinclair; treasurer, T. H. Silver; warden, John Kupfer; conductor, E. T. Jones; R. S. N. G., P. Madsen; L. S. N. G., H. Reimers; R. S. V. G., J. P. Rosa; L. S. V. G., J. R. Palmer; I. G., Al Wickland.

The following program was given: Instrumental solo, Miss Fannie Hortenstine; recitation, Miss Fern Alderson; solo, Miss Laura Weed.

A grand march was then formed and all marched to the banquet hall, where an elaborate supper had been prepared by the sisters. The tables looked very pretty, decorated with long strings of smilax, choice cut flowers and bows of pink and white crepe paper. Here a pleasant hour was spent. T. W. Harris was toastmaster and many witty toasts were given by the sisters and brothers. Thus another pleasant evening was spent by the Rebekahs and Odd Fellows of Pleasanton.

PERSONAL MENTION.

Bert Lewis and family have moved to San Francisco, which will be their permanent home in future.

Prescriptions

Why we lead

The dependability of a drug store centers in its prescription department.

If the prescription department does a big business you may rest assured the people will have a kindly feeling for that store. There is probably no other commodity purchased by a patient public with more thought and precision than prescriptions.

When a person is sick or ailing common sense demands that they have the very best.

They cannot afford to take chances with careless prescription clerks.

They are afraid to patronize a drugstore with a shady reputation.

They must be satisfied in their own mind that they are patronizing a truly dependable store and one which they know will give them exactly what their prescription calls for.

They like to know it is filled by clerks of experience, men of years who do nothing else but fill prescriptions. Clerks who are not compelled to wait on trade, but whose duty in the prescription room is ever before him.

The customer likes to know that his prescription will be filled with the very first quality of drugs—the best that can be bought for his use.

There is a chance to get well on such medicine.

During the last year the record books of the prescription departments of The Owl Drug Company show that 146,763 prescriptions were filled.

An average of 400 a day.

This is a remarkable record and plainly proves that the public regard a dependable store.

FOR SMUGGLING CHINESE.

JAMESTOWN, N. Y., July 17.—George S. Hollis of Buffalo, convicted before the Federal Court here of smuggling Chinese into this country, has been fined $250 and sent to jail for six months.

George Judson, convicted of the same offense, was fined $1,000 and sentenced to jail for eight months.

MILLIONAIRE BUILDER DEAD.

BUFFALO, N. Y., July 17.—Charles Berrick, a millionaire contractor and builder of this city, is dead from a surgical operation.

WOULD LIKE TO HAVE CANAL.

PRESIDEN MARROQUIN SUBMITS HIS MESSAGE TO COLOMBIAN CONGRESS.

COLON, Colombia, July 17.—The text of President Marroquin's message submitted to the Colombian Congress has reached here. The part referring to the Panama canal says:

"There are two alternatives before the government. Firstly, the curtailment of Colombian sovereignty in consideration of certain pecuniary advantages and, secondly, to rigorously maintain sovereignty and demand peremptorily the money indemnity to which we consider ourselves entitled. In the first case the wishes of the inhabitants of the department of Panama will be satisfied, but the government may be afterwards accused of failing to defend the sovereignty of the country and of sacrificing the interests of the nation.

"In the second case, if the canal is not built via the Panama route, the government will be accused of failing to obtain the wealth of which the canal may be regarded as the beginning and which may be the sole condition of our future aggrandizement. I have already made known my wish that an inter-oceanic canal should be opened through our territory. I think, even at cost and sacrifice, we should not place obstacles in the way of such a grand enterprise, because it would surely result in a gigantic material improvement of our country, also because once the canal is opened we will expand and draw closer in our relations to North America, whereby our industries, commerce and wealth would be greatly benefited.

"Happily for me, the immense responsibility of deciding the questions rests upon Congress, which must definitely approve or disapprove the treaty proposed by the United States Government."

OPEN PORTS IN CHINA.

LONDON, July 17.—The announcement that the State Department has received assurances from the Chinese Government that it will shortly open several ports to the world's trade and from the Russian Government that it will not oppose such opening has been received with interest in official circles in London. Foreign Secretary Lord Lansdowne was not at the Foreign Office at the late hour that the dispatch was received here. Other officials expressed satisfaction at the news, but withheld further comment pending the arrival of further details. At the Chinese legation it was said that no officials news on the subject had been received there.

RUSSIAN FLAG AGAIN RAISED.

LONDON, July 17.—According to the Times correspondent at Shanghai it is the opinion of Chinese officials that the Port Arthur conference has not made the evacuation of Newchwang any more probable. A correspondent at Newchwang reports that on July 4 the Russian flag was again hoisted at the railway station at Kingtsze Kau, the terminus of the Shanhai Kwan line.

OUR RELATIONS WITH BRITAIN.

LONDON, July 17.—The Times published a three-column article this morning from a correspondent who witnessed the meeting of the British and American warships at Kiel in 1895, at Bermuda in 1899 and at Portsmouth in 1903. The writer emphasizes the continual growth of the affinity and cordiality between the two navies as reflecting the ever quickening amity of the two nations.

JAPAN WILL MAKE DEMONSTRATION

NAVAL MANEUVERS TO BE CONDUCTED IN CHINESE WATERS.

TOKIO, Japan, July 8, via Victoria, B. C., July 17.—Since the important conference of elder statesmen before the throne, Japan has been displaying a tendency towards a more positive policy in the Manchurian and Corean question and it is believed this change of tone is due to an understanding with Great Britain, Japan's ally. Naval maneuvers are now being conducted off Masampho and it is said the fleet is afterwards to proceed to Chinese waters to effect a naval demonstration.

The Russian squadron in these waters is already strong and is to be supplemented immediately by the turret ship Oslabya, battleship Alexander III, battleship Czaravitch, cruiser Aurora and cruiser Almazo. The British squadron amounts in the aggregate to but 140,000 tons, but it to be increased, the Leviathan being already en route.

The Japanese fleet engaged in the maneuvers includes six battleships, six armored cruisers and eight destroyers. They were to assemble at Muroran on July 10 and proceed via Eastern Siberia and Corea to the Gulf of Pechili.

The American warships engaged in maneuvers in the Gulf of Pechili are the battleships Oregon and Kentucky, cruisers New Orleans and gunboats Helena, Minneapolis, Vicksburg, Wilmington and Don Juan de Austria, monitors Monterey and Monadnock, torpedo tender Wampatuck and two navy transports.

In the meantime, Japanese and British ministers at Peking are protesting strongly against the conclusion of the secret convention with China, which is now known to have been signed by Prince Ching and M. Lassar, and forwarded to St. Petersburg for imperial sanction, after which it will be returned to Peking for signature by the Empress Dowager.

GOULD WANTS ANOTHER ROAD.

PHILADELPHIA, July 17.—The Press today prints the following: George J. Gould is after the Lehigh Valley Railroad Company. His recent trip over the line in company with General Manager Wilbur and ex-President E. P. Wilbur was for the purpose of getting information about the physical condition of the property and to acquaint himself with the facilities of the company at the various tunnels.

"For some time Mr. Gould has been desirous of securing control of this property.

"The Lehigh Valley would give the Wabash an outlet to New York from Buffalo, and it is believed that arrangements could be made with the Reading Company for running through trains to this city."

NEW YORK, July 17.—William English Walling, grandson of the late William English, candidate for vice-president of the United States in 1880, has found the strain of university settlement work on the East Side too great, and has been compelled to take a yachting cruise. He came here from Chicago a year ago to take up the charitable work in the slums with J. G. Phelps Stokes and other young millionaires. It is not known whether Walling will return to the settlement when his health is restored.

CARE OF ENGINE BOILERS.

PACIFIC COAST RAILWAY CLUB MEETS IN SAN FRANCISCO SATURDAY.

Tomorrow evening the regular monthly meeting of the Pacific Coast Railway Club will be held at the Palace Hotel, San Francisco, at 8:30 o'clock.

Secretary C. C. Borton, in his notification of the meeting, advises that the subject will be "The Care of Locomotive Boilers," one that certainly is of interest to all railway men. The paper upon this topic was written by Mr. M. E. Wells, of Sheridan, Wyoming, and won the second prize in the Club's late prize contest.

Answers to Question No. 1, which were held over until this meeting, will be read and discussed. The question referred to was: "Is the present system of watch inspection on western railways sufficiently accurate to insure absolutely correct time on the part of train and enginemen? Is there any better system in use elsewhere?"

TAKES A SHORT ENFORCED VACATION.

Yesterday Henry Buckhenry, was trying to render value received to the railroad company for the wages it pays him, and was lifting away on some heavy stuff that had to be moved as it he really enjoyed it—and today he wishes he were down there doing some more lifting, but he is absent from his accustomed place.

A lot of eighty-pound "Webber joints" were being piled in the storeroom, and Buckhenry allowed one he was handling to get away from him and it dropped on his foot and severely cut one of the toes. The injured member was treated by Doctor Olmstead, who put in a few stitches, after which the wounded man was taken to the train and sent to his home in Berkeley, where he will be compelled to lie idle for a few days.

RIPPED OUT BY THE BIG BUZZ SAW.

Ludwig Hubbard has returned refreshed and invigorated from his vacation and is taking hold of work as if he really enjoyed it.

Richard Murphy will start Monday for an extended trip across the Atlantic.

John Newell has been moved from the nut facing machine to the facer, taking the place of George Adams, who will soon take a lay off.

Charles Derby is having his spare moments fully occupied now, as he is doing the laying out for the truck gang.

"Tiny" Jones has been changed from the drill press to the bench as vice hand.

That new green apron E. H. Boles is wearing is being watched with a good deal of interest. If it proves to be both oil and dirt proof on both sides the price of that particular brand of oilcloth is liable to be quoted higher in the market.

Charles Havens, who has been camping up near Ignacio and having an all round good time, is back and will begin work again Monday. He says he is rested, refreshed and rejuvenated.

Billy Suhl tried to show the boys how well he could navigate a bicycle through the big gate yesterday noon, so he set his auxiliary sail, laid his course—and hit the rail just as easy as though he had tried to do it, and bumped the post beside. He is congratulating himself that he didn't break his neck.

After James Flynn had completed his trade he traveled around to see the world, get experience, and gather information about his own particular ranch that might prove useful to him. He has swung completely around the circle, reaching "home-base" a day or two ago from Sacramento, where he worked awhile in the big shops. Yesterday they put him to work in the shops down in the yard, and he expresses his satisfaction at getting back to his trade starting point.

J. Slavin is going up to Shasta Retreat in a day or two, and will have the best time to be found there for his vacation.

A big Wabash Railway steel flat car down in the yard yesterday held Car 13, big, yellow, and gorgeous, en route for Santa Cruz, to be used by the Santa Cruz, Capitola, and Watsonville Railway. The car was built in St. Louis, and is fitted with basket drop fenders, such as are used there, and the sides of the vestibules are protected with iron guards of the checkerboard pattern, the better to protect passengers from injury by passing cars. There will be no riding on the steps with this pattern of car.

Engineer Edwards will soon lay off for a vacation, and purposes spending it at Bartlett Springs.

The two big 30,000 barrel oil tanks that have shone in the gorgeousness of red coats for a long time, have received a covering of black paint, and they now glisten in the sun like two big black diamonds.

R. Kennedy has been changed from the lathe to the staple machine.

THEODORE KEARNEY GOES TO GERMANY.

NEW YORK, July 17.—M. Theodore Kearney of Fresno, Cal., former president of the California Raisin Growers' Association, who is in this city on his way to Germany, says indications point to fruit crops of good size and quality in California and in view of shortages elsewhere, growers are, he said, expecting higher prices this year. The signing of contracts by growers to deliver to the Raisin Growers' Association is progressing satisfactorily and he believes the one year agreement will be signed generally.

Mr. Kearney's attention was called to reports that the Smyrna raisin crop this season is likely to be a very heavy one. He was asked what effect, if any, this might have on prices here.

"As far as the foreign crop is concerned," he said, "the Spanish crop last year, for instance, was very large—in fact, the largest for many years and, owing to the failure of the crop in one district prices ruled higher. Nevertheless, practically the entire crop was taken up at home and there was no effect on the American market. In view of that fact, there seems to be no danger of foreign raisins being sent here this year in quantities large enough to affect prices. There is a customs duty on raisins and furthermore, it is the policy of the California association not to put prices so high as to invite foreign competition."

THE PRESIDENT IS PLEASED.

NEW YORK, July 17.—President Roosevelt's advices from Secretary Hay as to the conclusion of the negotiations with China for open ports in Manchuria, afford him much satisfaction, says a dispatch from Oyster Bay, L. I., to the Herald.

The feeling of the administration toward Russia already has been vastly improved by the St. Petersburg government's prompt action in the punishment of the Kishineff rioters.

ROUTINE WORK OF COUNCIL.

MATTERS OF INTEREST TO TAXPAYERS DISCUSSED BY COUNCILMEN.

The following was the routine work of the committees of the City Council last night:

STREET LIGHT.

The petition of the Oakland Iron Works for an electric light at Second and Jefferson streets was laid over.

The protest of Mrs. John Davis against the removal of an electric light from East Thirty-second street was sustained.

The petition for an electric light in Independence Square was recommended.

ORDINANCE AND JURICIARY.

The protest against the filing of a suit by the Pacific Incincrating Company against the city to test the validity of the contract against the contract between the company and the city.

The ordinance changing the grade of East Twentieth street, from Twenty-second avenue to a point 150 feet easterly, was recommended.

The ordinance changing the grade on East Twelfth street, between Twenty-third and Twenty-fifth avenues, was recommended.

The ordinance changing the grade of Hillside avenue, from Summit to Linda avenues, was recommended.

A resolution ordering the sidewalking of Elen street, from Edwards street to Hawthorn avenue, was recommended.

A resolution ordering Chetwood street, from Santa Clara to Perry streets, sewered was recommended.

A resolution ordering the sewering of Howe street, from Mathew street to a point 800 feet north, was recommended.

A resolution ordering a sewer in Twenty-eighth street, between Webster street and Broadway, was recommended.

The petition of the Piedmont Paving Company for the improvement of Campbell street, between Sixteenth and Seventeenth streets, was recommended.

A resolution of intention to sewer Twenty-first avenue, from East Twenty-seventh to East Thirtieth streets, was ordered.

The petition of the property-owners to sidewalk San Pablo avenue, from Temescal creek to the Berkeley line, was laid over.

The petition to sidewalk Nineteenth street, from East Twenty-first to East Twenty-seventh streets, was laid over.

The petition of George Taylor and others to sidewalk in front of the fire engine house on Market street was laid over.

FIRE AND WATER.

The petition of the residents of the vicinity of Peralta avenue and Spruce street for a fire hydrant was referred to the Fire Chief for his investigation and report.

Under suspension of rule, a resolution was passed by the Ordinance and Judiciary Committee last night directing that the City Engineer be directed to ascertain the approximate number of railways laid in the city belonging to the Southern Pacific Company. The City Engineer's report to be sent to the State Board of Equalization for assessment purposes.

The Finance Committee of the City Council last night recommended that $250 be given to the City Wharfinger to make needed repairs on the city wharf.

The bill of Auditor Breed against the city of Oakland for court costs in his suit against the Contra Costa Water Company, amounting to $495.90, was referred to the City Attorney for his approval.

TWELFTH STREET ABOUT COMPLETE.

Dwight Hutchinson, of the Hutchinson-Ransome Company, appeared before the Council committees last night and stated that the Twelfth street dam was virtually completed.

"All is in good condition with the exception of the sidewalking on the western end of the dam," he declared. "This is up to the required grade, but is liable to sink down again within the next two weeks."

It was proposed to accept that part of the dam, excluding the sidewalking on the western part, but on the motion of Mr. Howard, City Engineer Turner and Superintendent of Streets Ott were instructed to submit a written report on the matter, to be handed to the City Attorney, together with the contract for the improvement of the dam. The City Attorney is to make his recommendations and then the Council will take action.

EXCESSIVE SMOKING CAUSED DEATH.

CHICAGO, July 17.—A dispatch to the Inter-Ocean from Kalamazoo, Mich., says:

William G. Pattison of this city is dead in his eighty-ninth year as the result of the excessive use of tobacco. His tobacconist, from whom he bought it exclusively, gave out the statement, after his death had been made public, that in twelve years Mr. Pattison smoked more than 48,000 cigars, which cost him $4800.

In his early life he was an even more confirmed smoker than in his declining years and local cigar men estimate that in the last twenty years of his life he had smoked 100,000 of his favorite, which would cost him $10,000.

Mr. Pattison was a pioneer stage coach man of the Middle West, having established the first stage line between St. Paul and St. Anthony, Minn., along the bank of the Mississippi river. He also established the first stage line between Grand Rapids, Mich., and this city.

CLOSE TO NATURE.

SPRING AND SUMMER.

EVERYONE knows that the pure country air and a chance to get close to Nature in the fields and woods, is sure to improve our animal spirits and bodily health. We are only civilized animals after all, and the present dwellers in the cities are compelled to live in badly ventilated rooms or factories filled with the germs of disease—of grip, consumption or catarrh. They are compelled to eat their lunch hastily, and, in fact, to run the human machine at all times so improperly that they are constantly in danger of being sick. Sunshine and good air are essential for good health. Nature provides the germ destroyer, if we only find it, in a life in the open air and sunshine.* If we are run down physically, if our blood has too many of the white blood corpuscles and not enough of the *red* corpuscles; if we look pale and anaemic, or with pimples or hives appearing on the skin, it's a pretty sure warning that we need a little of nature's cure. For those who are confined indoors and need a strengthening tonic, a blood and body builder, there is a remedy provided by Nature which is sure and safe—an Alterative Extract from roots and herbs, without the use of alcohol, which nourishes the tissues and nerves with good red blood. That medicine was the discovery of Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. It was sold by druggists thirty-seven years ago or more and has become more popular every year since, under the name of Dr. Pierce's Golden Medical Discovery. Dr. Pierce receives quantities of grateful letters and testimonials every day. It would take all of this newspaper's space to print those received in a single month. Here is a sample:

"About seven years ago my health failed, and I tried different doctors but they could not help me," writes Reuben S. Kleppinger, Esq., of Lehighton, Pa. (Box 673). "I was still getting worse. Had a cough, pain in chest, night-sweats, was weak and nervous. I decided to write to Dr. R. V. Pierce, of Buffalo, N. Y., and state my case. I received a prompt and careful reply, which I still have in my possession. The malady was a complicated one, involving the nasal and other air-passages. There was a catarrhal condition extending from head to the bronchia and lungs. The use of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy was advised. I used about two dozen bottles of each, also some of Dr. Pierce's Pleasant Pellets, and these remedies have done their work. Since that time I don't believe I have lost a day's work on account of sickness. Am well and have been able to eat anything ever since. Thanks seem but a slight return for all the good your medicine has done me."

"About two years ago I consulted a physician to try and get relief from a cold which had stopped up my head, and also settled on my lungs, causing catarrh in a very bad form, and also throat difficulties," writes Justice Thomas E. Bourquin, 1808 Ogercher Road, Savannah, Ga. "He gave me some medicine, but one month's faithful use of same failed to do me any good, so I decided to try Dr. Pierce's Golden Medical Discovery, and bought a bottle. After using it a few days, my lungs began to heal, I did not cough nearly as much nights, slept much better, and in two weeks the cold, cough, catarrh and throat difficulty were all cured. I was certainly pleased with the results, and so wish to write you of it."

*We quote from the New York *Journal* the following:

"In Allen street, in eight blocks of tenement houses, live ten thousand seven hundred and thirty-seven human beings.

"The features of this miserable street are:

"Darkness; Dampness; Disease; Death.

"The deaths are especially plentiful among the very young children.

"Of all the New York streets in which evil conditions destroy child life Allen street is the worst. It has a record for killing children under five years of age.

"The street is very narrow, and the Second avenue elevated railroad running through it, filling it from house to house, roofs it in, making of it a dark, gloomy tunnel.

"On the ground it is dark all day, the lamps are always lighted.

"Diseases of the eye, pneumonia, tuberculosis, the rickets and other troubles of ill-nourished children, are features of this street.

"Among the dirt, the din, the darkness, the dampness of this infernal death tunnel, children are supposed to 'play.'

"Do you wonder that they are deformed and sickly? Do you wonder that they die off before they reach the age of five.

"As well try to grow a flower in a cellar as to bring up children in that horrid street to which poverty and the city's culpable neglect condemn so many families."

WOULD DISTRIBUTE CROOK'S ESTATE.

Susan Thompson, as administratrix of the estate of Matthew Crooks, deceased, filed her petition for the final distribution of the estate and for her discharge from the duties of her position today. She sets forth that Crooks died in March, 1897, and that his widow, Sophia Crooks, was appointed administratrix of the estate, but died in November of the next year. The petitioner was then appointed and has acted in that capacity ever since.

The petitioner sets forth that $537,461 was realized from the sale of real estate belonging to the estate, and that all has now been distributed, with the exception of $3,315.40. The heirs of the estate are his daughters, Susan Thompson, Sophia M. Crooks, Beatrice M. Crooks, Helen L. Crooks and Lucille Crooks. Subsequent to the death of Matthew Crooks his widow married James Carr and he has since acted as the administrator of her estate.

SEEKING LOST ADVENTURER.

ROME, July 17.—Relatives of Bernstorff Schroeder, formerly a lieutenant in the Danish Navy, who left his home in Copenhagen a year ago last August, with two companions, to make a trip around the world on a wager, have asked the police to search for him. He arrived in this city penniless May 22d. All trace of the lieutenant has since been lost.

He is the adopted son of Emil Ret, editor of the Folkets Avis of Copenhagen. The party were to travel handcuffed and make the journey on a large wager.

The other members met with mishaps in this country. Schroeder had reached Jacksonville, Fla., when he broke down and came to this city.

WANT TO GET THE DAMAGES.

NEW YORK, July 17.—Among the affairs to be discussed in the next session of Congress is the award of $1,250,000 damages which Casimiro Castro obtained here against a New York life insurance company, says a Herald dispatch from Montevideo, Uruguay.

The Minister of Foreign Affairs is keeping secret details of United States Minister Finch's communication on the subject.

It is said that there will be an amicable solution of the trouble. Further action is suspended until next week.

PLAGUE INCREASING.

NEW YORK, July 17.—Reports from Iquelquio say the bubonic plague is again increasing, says a dispatch from the Herald's correspondent at Valparaiso, Chile. Five cases appeared on Wednesday. Thirty-three persons are ill with smallpox in Antofagasta.

MANY WANT GATES REMOVED

OVER A THOUSAND SIGNERS TO PETITION AMONG THE COMMUTERS.

ALAMEDA, July 17.—A meeting of the Board of Trade was held last night, with President Rosenthal in the chair. It was hoped to have the petitions that are being circulated among commuters relative to removal of the gates on local trains all in so that they could be consolidated for a report to be made to the Board of Trustees in Committee of the Whole tonight, but they were delayed and only a partial report can be presented. A complete statement will be presented, however at the regular meeting of the city governing body Monday night.

From the petitions at hand it was demonstrated that of the signatures obtained there were a thousand for removal of gates to 150 for their retention.

President Rosenthal announced that the finances of the board had never been in such good shape, and that there was quite a sum of money available.

The meeting was not largely attended but the interest was intense.

FIRE FIGHTERS CLEAN HOUSE.

ALAMEDA, July 17.—Hose carts, engines and all the paraphernalia of the Fire Department including the houses themselves are receiving a thorough cleaning this morning. The department is having a rest, there having been no fires for several days past.

LEAVES FOR PACIFIC GROVE.

ALAMEDA, July 17.—B. F. Taylor and wife of 2221 San Antonio avenue left today for Pacific Grove to spend the summer.

FIREMAN GALE AT WORK AGAIN.

ALAMELA, July 17.—The trainmen who had such a narrow escape in the South Shore wreck on Wednesday morning are making light of their injuries while congratulating themselves upon their good luck. Fireman Gale and Wiper Hansen returned to work yesterday and Engineer Duncan was anxious to do so, but yielded to the solicitation of friends and the advice of the physician and will wait a day or two longer before reporting for assignment.

ODD FELLOWS INSTALL.

ALAMEDA, July 17.—The following officers have been installed by Fair Oaks Rebekah Lodge of Odd Fellows: Mrs. Mary Redding, noble grand; Mrs. Ida Caswell, vice grand; Mrs. Mary Randlett, recording secretary; Miss Julia Rickleysen, financial secretary; Mrs. Case, treasurer; Mrs. Pennell, chaplain; Miss Alma Naber, past noble grand; Mrs. Covell, warden; Mrs. Christianson, conductor; Mrs. P. Davies, inside guardian; J. A. Young, outside guardian.

WILL REMAIN SEVERAL WEEKS.

ALAMEDA, July 17.—Edward Waterman of Fowler, a nephew of City Clerk Gillogly, came to town yesterday and will remain several weeks as the guest of friends on Clement avenue and Chestnut street.

SMALLPOX IN A MILD FORM

ALAMEDA CARPENTER IS DRIVEN FROM PILLAR TO POST.

ALAMEDA, July 17.—Some days ago John Buttery, a local carpenter, who is quite prominent in fraternal circles, was taken ill at a lodging-house located at the southeast corner of Park street and Webb avenue. A physician was called in who found nothing alarming about the case except that the attending fever ran pretty high. After administering what was deemed to be the proper medicine to allay the fever, the physician departed, and as he did not think the case one demanding attention, he did not call again. Yesterday the patient developed a fine case of pustular eruption, and Dr. Stedham of the Board of Health at once pronounced it smallpox in mild form, and the landlady immediately ordered him to vacate.

Buttery has a brother living at Fruitvale, to whom the doctor sent him for care, but the brother flatly refused to have anything to do with him, and told him he must leave the premises. Thus driven from pillar to post, Buttery drifted back to Alameda and last night paraded Park street, where he was seen and sent back to his brothers. He slept last night in a blacksmith shop on the brother's place, and was this morning isolated by the Health Officer in an old shack on the Alameda side of the tidal canal out near the Fruitvale bridge, where he will be cared for by brethren of the lodge of Red Men to which he belongs.

That a man so afflicted should be compelled to roam the streets, putting in jeopardy the lives of the inhabitants of this fair city, emphasizes the need for a pest-house in which complete isolation and proper care may be had at the earliest possible moment, and the matter is to be urged upon the Board of Health at once.

WORK IS BEING RESUMED.

ALAMEDA, July 17.—It is the general belief that the repairs now being made on the tracks of the street car company is but the precessor of the general improvement promised, and that the work that was begun some time ago and stopped by reason of a strike will now be resumed.

REGULAR MEETING HELD.

ALAMEDA, July 17. — The regular meeting of the West End Improvement Association was held last night, the principal business of which was the discussion of franchises and on gates on local trains.

MAJOR TILDEN RETURNS.

ALAMEDA, July 17.—Major C. L. Tilden, family and party of accompanying friends have returned from their outing in the Yosemite Valley. They were absent nearly two months and report that every moment of the time was enjoyable.

TO JOIN BERKELEY AND OAKLAND.

ALAMEDA, July 17.—The local congregation of the Christian Church will join with Berkeley and Oakland churches Sunday evening in a grand missionary meeting in Hamilton Hall, Oakland, and there will be no services in the church here. Rev. A. A. McLean of Cincinnati, Ohio, will speak at the joint meeting on the subject of the "Foreign Christian Missionary Society."

GOES TO NEW ORLEANS TO LIVE

MRS. EDWARD A. LEER.

Miss Marie Berger of this city and Edward A. Leer of New Orleans were the principals in a pretty wedding Wednesday morning at 9:30 o'clock. The ceremony took place in the Church of the Immaculate Conception the Rev. Father Morrison officiating.

Miss Berger was attended by her sister, Mrs. K. Reppy, while her brother, George Berger, was best man. Immediately after the ceremony a reception, at which were present only the relatives of the young couple, was held at the bride's home on Seventh street.

Mr. and Mrs. Leer have gone to make their home in New Orleans, where Mr. Leer has a responsible position with the Pullman Car Company.

GONE TO HEALDSBURG.

ALAMEDA, July 17.—Yesterday City Attorney Simpson and A. P. Smiley shook the dust of Alameda from their feet and hied themselves up to Healdsburg to make final arrangements for the reception of Company G., N. G. C., which will start for camp there tomorrow.

BADLY DAMAGED CONDITION

THE WRECKED ENGINE WAS IN BAD SHAPE—REPAIRING DAMAGES.

ALAMEDA, July 17.—Examination of the wreck of the engine which blew up the other morning develops the fact that although it withstood the shop tests it was, in fact, in a badly damaged condition. It is stated that there was an old crack found which extended entirely across the crown sheet and that some of the plates were nearly eaten through, and the wonder is expressed that it held together as long as it did.

A force of men came up from the yards yesterday and began to repair the injury to buildings in the neighborhood of the disaster, caused by the concussion. The wreckage of splinters and broken glass has all been removed and except for the broken windows the locality presents its customary appearance.

WILL APPEAR AS THE NOVELTY.

ALAMEDA, July 17.—A son of the Island City, Louis McLaughlin Jr., of San Antonio avenue, will enter the histrionic field, and is to make his initial appearance tonight at the Novelty Theater in Oakland. He is considered an amateur of parts and has been much sought after at home for private entertainments.

RETURNED FROM VACATION TRIPS.

ALAMEDA, July 17.—The return from vacation is noted of Mrs. A. L. Valleau of 1436 Benton streets and Mrs. E. B. and Miss Ethel Connor of 2009 Central avenue, Mrs. Valleau from Inverness, Marin county, and the Connor party from Yosemite.

SAVED WOMAN FROM DEATH.

ALAMEDA, July 17.—In addition to developing a pedestrian of capabilities, one of the city's best known residents now comes to the surface as the hero in what might have proven to be a direful catastrophe.

Dr. Morris M. Brown, formerly a member of the Board of Health, has been spending some time in the Yosemite Valley. A few days since he headed a party of rescue that saved Mrs. A. Johns of New York from a painful death. She had slipped from a precipitous back of Sentinel Dome, and her absence was not noted until some time after. Upon reaching the scene of the accident it was found necessary to lower aid to her by the means of ropes and she was drawn back to safety by the same method.

BOARD WILL MEET TONIGHT.

ALAMEDA, July 17.—The Board of Trustees will meet in committee of the whole tonight in the Council Chambers to put in shape the business to be brought up regularly at the stated meeting that takes place next Monday night. Among the routine matters for consideration will be the request of Mayor Olney of Oakland for appointment of a committee of four to assist in arranging an Alameda county reception for the delegates to the Grand Army National Encampment in August, the proposed new dairy ordinance, the request of Poundmaster Ewing for the erecting aside for the benefit of the pound and its keeper 25 per cent of the money received from the sale of dog licenses, the report of Chief Krauth of the fire department on the estimate of probable cost of "call" men for four-horse wagons to replace volunteer hosemen now in service, and the discussion of the franchise and gate matter in accordance with the decision of the board at a recent meeting. A large attendance of citizens is expected.

EDITH LAUGER WILL MARRY.

ALAMEDA, July 17.—License to marry was issued yesterday in San Francisco to Francis W. Cheny of that city, aged 28, and Edith L. Lauger of Alameda, aged 22 years.

Nemo Corsets

Monday, July 20th and until August 1st Miss M. Hill, the Nemo Corset Co's most successful fitter, will be in daily attendance at our Corset Department, where she can be freely consulted by the ladies of Oakland who desire to know more about this superior corset.

Miss Hill will esteem it a pleasure to fully explain the merits of the figure building and self-reducing sytems of the **NEMO**.

She will be glad to advise you regarding the proper model or style, of Corset best adapted to your individual requirements and show you how to adjust and wear it.

The **NEMO** *models are made not only for the perfect types of feminine figures, but for fairly good forms; for short waisted, stout ladies; for tall stout women; in fact every woman who wears a corset will find in the* **NEMO** *a corset superior to any she has ever worn.*

Corset fitting is an art and Miss Hill is an artist of the highest order in this line. Corsets correctly fitted will restore any figure to its proper shape. If you are in danger of loosing your waist line let Miss Hill show you how to redeem it.

No More Discomfort, *no more worry about your figure after you begin wearing a* **NEMO** *Corset. The figure-building system of the* **NEMO** *Corset will round out and improve any form.*

FITTINGS FREE*—even if purchase is not made. Prices range from* **$2.00 to $5.00**. *All sizes.*

GEE IN FAVOR AT ST. JOHN'S.

VESTRY PREFERS ALAMEDAN TO SUCCEED REV. M. RAY AS RECTOR.

St. John's Episcopal Church in this city is to have a new rector to succeed Rev. Martin Ray, who has resigned from the rectorship, and his name is Rev. Mr. Gee, who is now rector of the Episcopalian Church in Galesburg, Ill.

St. John's will continue to be what is known in ecclesiastical parlance "High Church," such as it has been under the rector who is now about to take his departure.

Rev. Mr. Gee is the choice of the vestry for the pastorate, a fact which was shown at its last meeting Monday night. The official call, however, can not be extended until the next meeting, which will be one month hence. There is no doubt of Mr. Gee's acceptance, because he has already in a letter assured Vestryman Mason, who resides in Alameda, of his willingness to settle in this city.

At the meeting of the vestry at which the sentiments of the members on rector were ascertained, there were present Vestrymen F. E. Mason, senior warden; Captain C. K. King, junior warden; N. H. Barry, secretary; Chas. E. Snook, treasurer; H. H. Hassard and R. E. Harker.

When Rev. Mr. Ray resigned the rectorship there was a rumor to the effect that the step had been taken because of dissatisfaction with the "high church" ritual which he had introduced into the services of the congregation.

The correctness of this story was denied by the vestry, and the denial is supported by a statement of a member of the vestry that "high church" is just what the people of St. John's want. Speaking on the subject today, Vestryman King said:

"There will be no lowering in the church services for us. We will have to be as 'high church' as one ever have been and the pastor must have the same views as ourselves. We don't want 'low church,' and won't have it from our rector."

Rev. Mr. Gee, the choice for rector, was influenced in deciding to come here by reason of the fact that he is well acquainted here. When a boy, he resided in Alameda and later attended the San Mateo Divinity School. He was raised to the position of deacon by Bishop Nichols, after which he went East and was ordained minister. He is now dean of the Episcopal convention at his present home.

HOTEL AND NATATORIUM BURNED.

BEAUMONT, Tex., July 17.—Fire today destroyed the Sabine hotel and natatorium at Port Arthur. The building was the property of the Port Arthur Townsite Company. Loss $100,000; partly insured.

DIVIDENDS DECLARED.

NEW YORK, July 17.—Announcement is made that the Northern Pacific Railway directors declared the regular quarterly dividends of 1½ per cent, payable August 1.

GIVES DAMAGING TESTIMONY

WITNESS IN SHORES BRIBERY CASE TESTIFIES MOST POSITIVELY.

BUTTE, Mont., July 17.—In the course of the Shores disbarment case today, Attorney H. L. Maury of Butte, testifying for the defense, testified that Attorney J. B. Foote, had told him positively that Judge Harney had been bribed in the Minnie Healy decision; that State Senator J. M. Kennedy had paid him the money and that the money had been paid in the office of a Butte semi-weekly newspaper.

Maury testified positively, repeating his conversation with Roote, who he said came to him during the famous Rochester suit and said that Judge Harney was in trouble and that he (Roote) wanted him (Maury) to go to Rochester and "get him to keep his mouth shut."

Maury was attorney for Rochester.

MATTOS WANTS SEAT IN STATE SENATE.

It is early yet to talk about the next Legislative campaign, but Assemblyman Mattos has already entered the field and hopes to have it all to himself so far as his candidacy is concerned. He is willing to abandon the Assembly, in which he has served for two terms. He now seeks the nomination for State Senator in the Thirteenth Senatorial district. This is the first time that this office will have a candidate in the district as the district is now constituted, because it is only of recent formation and its limits are co-existant with those of the Assembly district which Mr. Mattos now represents.

Mr. Mattos said today that in aspiring to a position in the Upper House he hoped he would have no competitor and, at the same time, he did not know who was anxious to succeed to his seat in the House.

DEATH OF MRS. KALIS.

ALAMEDA, July 17.—Mrs. Pauline Kalis, wife of Frank J. Kalis of 1336 Broadway, died yesterday afternoon in the Alameda Sanitarium after a protracted illness. She leaves no children.

Deceased was 46 years of age and was a native of Germany. Several years ago the lady was severely injured in an accident in Oakland, for which she was operated upon twice, but from which she never fully recovered. Thinking that travel might benefit her she took a trip to Europe, but no permanent good resulted. About two months since she found it necessary to enter the sanitarium, where all was done for her benefit that it was possible to do, but without avail, and yesterday her troubled life closed. Services will be held Sunday at the residence, thence to Oakland crematory.

DIPHTHERIA CASE REPORTED.

ALAMEDA, July 17.—Report was made to the Board of Health this morning that Walter Tillison, 1101 Buena Vista avenue, was down with diphtheria.

DORA WRIGHT IS HANGED

SHE IS THE FIRST WOMAN EVER HUNG IN INDIAN TERRITORY.

SOUTH McALESTER, I. T., July 17.—Dora Wright was hanged here today. She mounted the scaffold without a tremor.

Dora Wright, the first woman ever hanged in this section, was convicted of whipping a 7-year-old girl, Annie Williams, until she died of her injuries. The evidence showed that the little girl had been beaten severely for many months as there were old scars on her. Some of these indicated that the little girl had been tortured with a red-hot poker. Both the woman and the girl were negroes.

Charles Burrett was hanged today for the murder of John Hennessy, an aged man, whom he shot from ambush. Robbery was the motive.

Dr. W. P. Maury has returned from his vacation.
